

## Degree Pathway

### A.S. in Health Sciences – Catalog Year 2022-23

The number of credits you take each year will determine when you graduate. To graduate on time, you are strongly encouraged to enroll in at least 30 credits toward your degree during the calendar year, including fall and spring semesters and winter and summer sessions. This Degree Pathway is designed for students who place into **developmental English and math**. An additional pathway is available for students who place into ENGL-101 and MA-119. Please see the degree website or your advisor for more information.

Students who follow the recommended schedule below will enroll in all required coursework for an application for the A.A.S. in Nursing program. Students who plan to apply to the nursing program are **strongly recommended** to visit the [Nursing Admissions Website](#) for additional requirements, the application procedure, and deadlines.
