## Queensborough Community College, CUNY

The Queensborough Community College (QCC) Fact Book is a source and official reference guide for college-wide data. Compiled by the Office of Institutional Research and Assessment (OIRA), the 2017-2018 Fact Book is a collection and detailed analysis of quantitative information in the areas of enrollment, student demographics, academic services, grades, retention and graduation, degrees and transfer out, faculty and staff, financial aid, and college finances. The purpose of the Fact Book is to assist the college community in the planning and decision-making process by presenting a profile of the institution and trends in all academic areas.

The information included in the Fact Book 2017-2018 is a compilation of data from many sources. We would like to thank the following offices for their contributions to this Fact Book: the Registrar, the Office of Human Resources and Labor Relations, the Office of Accounting & Related Entities, the Office of Budget & Financial Services, the Office of Grants and Sponsored Programs, the Kurt R. Schmeller Library, and the Office of Pre-College, Continuing Education and Professional Development.

Along with the Fact Book, here is a list of additional reports & resources available on the OIRA website ([www.qcc.cuny.edu/oira](http://www.qcc.cuny.edu/oira)):

- OIRA conducts the assessment of the Queensborough Academies by following an assessment protocol that was developed by faculty and the administration. To learn more about the protocol and the findings, please go to the OIRA homepage and click on "Assessment."
- Program dashboards are useful visual representations of recent trends in degree & certificate programs. They can be downloaded as PDFs or accessed in Tableau interactive format.
- In Spring 2016 a total of 1,839 QCC students participated in the latest Student Experience Survey. A link to the interactive survey report can be found under "Surveys" on the OIRA homepage. The interactive report allows users to review and download student feedback and demographic information not found in this Fact Book (e.g., how many of our students are first-generation college students).
- In order to capture the feedback of students who have left QCC before earning a degree, OIRA conducted a survey of non-returning students in spring 2014 (under "Surveys" on the OIRA homepage).
- Reports of two surveys of QCC Graduates can be found under "Surveys" on the OIRA homepage and provide insight into career and educational pursuits of our graduates.
- Many of our faculty participate in the Starfish Early Alert intervention that provides struggling students with resources and extra help. For reports on the number of alerts and users, please go to the Starfish Reports tab on our homepage.

## College Overview

Queensborough Community College is dedicated to academic excellence and rigor and to providing an affordable, high-quality education to pre-college, college, and lifelong learners. Our faculty and staff are committed to the holistic development of today's students in a nurturing and diverse environment that prepares them to be successful in a dynamic workforce. The College affirms its open admissions policy and its strong support of critical thinking, intellectual inquiry, global awareness, civic responsibility, and cultural and artistic appreciation. (QCC mission statement).

The Fall 2017 student enrollment was 15,400, out of which 13,341 were degree and certificate seeking students. Sixty-nine percent of the degree and certificate seeking students were enrolled full-time. The curricula with the highest enrollments were Liberal Arts and Sciences (A.A.), Business Administration (A.S.), Health Sciences (A.S.), Criminal Justice (A.S.), and Liberal Arts and Sciences (Mathematics & Science) (A.S.).

- A total of 2,059 students were non-degree. The majority of this group were high school students who were part of the College Now program, which enrolls high school students in college courses.
- Queensborough is a very diverse campus with students from 127 countries. The majority live in Queens. Thirty-four percent report speaking a language other than English at home.
- Queensborough is an open-admissions campus; over fifty percent of the incoming freshmen require at least one remedial course. In the academic year 2016-17, 77% of all first-time full-time freshmen and 53% of all degree students received some form of financial grant aid.
- The six-year graduation rate for the Fall '11 cohort was 31.6% from Queensborough with an additional 8.5% that graduated elsewhere in CUNY or outside CUNY. This brings the overall six-year graduation rate to 40.1%. QCC graduates usually go on to another CUNY senior college such as Queens College and Baruch College, but also enroll in non-CUNY colleges (e.g., SUNY Stony Brook, SUNY Binghamton, Adelphi, Long Island University, NYU, and St. John's).
- QCC graduated 2,254 students in the academic year 2016-17, the second highest number of graduates in one academic year since the inception of the college, behind academic year 2015-2016. The curricula with the most degrees were Liberal Arts and Sciences (785), Business Administration (352), and Criminal Justice (227).
- Sixty percent of the full-time faculty at Queensborough have earned doctoral degrees. Another 21 percent have terminal degrees in such fields as nursing, engineering, and the visual and performing arts.

## A. QCC Enrollment

In fall 2017 a total of 15,400 undergraduate students were enrolled in Queensborough Community College in 38 associate degree programs, five certificate programs, and for-credit programs such as College Now.

Over two-thirds of degree students enroll in a transfer degree program at Queensborough. The Liberal Arts & Sciences (LA-AA) program is by far the largest program with 4,661 students enrolled in fall 2017, many of whom were enrolled in pre-nursing courses. The Business Administration transfer program (BT-AS) is the second largest program at QCC with a total of 1,451 students in fall 2017.

Queensborough has ten dual-joint transfer degree programs with CUNY senior colleges with 2,044 students enrolled in fall 2017. The Criminal Justice (CJ-AS) dual-joint degree program with John Jay College of Criminal Justice is the largest of these with 1,289 students in fall 2017. Smaller dual-joint programs with John Jay include Accounting for Forensic Accounting (AF-AS), Science for Forensic Science (SF-AS), and Computer Science and Information Security (CSS-AS). Queensborough has dual-joint AAS/BS nursing programs with Hunter College, York College, and the CUNY School of Professional Studies enabling graduates to obtain a B.S. in Nursing. The Education (LE-AA) dual-joint program with Queens College enrolled 358 students in fall 2017. The Biotechnology dual-joint program and the recently added Chemistry dual-joint program with York College enable QCC graduates to complete Bachelor of Science degrees at York College.

Despite overall lower enrollment, fall 2017 saw an increase in enrollment in a number of career degree programs such as Architectural Technology (ARC-AAS), Internet and Information Technology (EM-AAS), and Mechanical Engineering Technology (MT-AAS). The enrollment in certificate programs increased by more than half over fall 2016.

In fall 2016, the newly accredited programs for Art (Art & Design and Art History), Dance, Music, and Theatre (Acting and Technical Theatre) enabled students previously enrolled under the generic Visual & Performing Arts program (FA-AS) to enroll into these specific disciplines. The enrollment decline in FA-AS (see pages 3 and 4) reflects this change.

Over ninety percent of first-time freshmen and 68 percent of all degree-seeking students at Queensborough were enrolled full-time in fall 2017. Over the last few years, the percentage of students on campus who have accumulated more than 30 credits and achieved sophomore status has increased while enrollment has decreased, which may be indicative of greater student persistence.

## B. New Student Profile

The college enrolled 3,146 first-time freshmen and 1,017 advanced transfer students in fall 2017. Freshmen were 52 percent male and primarily full-time (91.5 percent). Only 8.5% of freshmen were part-time in fall 2017.

Queensborough Community College is one of the most diverse campuses nation-wide. Among freshmen, Hispanic students represent the largest group (32 percent), followed by Black students (25 percent), Asian students (22 percent) and White students (15 percent). Five percent of the freshmen were non-resident alien.

Over 38 percent of the fall 2017 freshmen speak a language other than English at home. Spanish, Chinese, Bengali, Urdu, and Creole were the most prevalent non-English languages among freshmen in fall 2017. Queensborough freshmen come from 56 different countries.

Eighty-six percent of freshmen (with recorded high school information) were New York City high school graduates and 55 percent of advanced transfer students came from a CUNY or SUNY school.

Over fifty percent of incoming (matriculated) freshmen were required to enroll in a remedial subject. In fall 2017, 41 percent of freshmen needed remedial mathematics, 21 percent remedial writing, and 11 percent remedial reading. A relatively small group needed remediation in two (13%) or three (4%) subjects. In addition, a small number of students with triple (or double) remedial needs are served through CUNY Start, a program for admitted but non-matriculated students that started in fall 2011 and enrolled 325 students in fall 2017<sup>1</sup>. The CUNY Language Immersion Program (CLIP) enrolled 283 non-matriculated remedial students in fall 2017. CUNY Start and CLIP students are not counted in the Fact Book<sup>1</sup>.

## C. Student Demographics

Queensborough Community College is one of the most diverse colleges in the nation. Our students come from 127 countries and speak 78 different languages. Twenty-one percent of the students were born outside the USA and come from every corner of the globe, including Asia, North and South America, Africa, Europe, and Australia. The top five non-English native languages for all undergraduates are Spanish, Chinese, Bengali, Korean, and Urdu.

Thirty percent of all degree and certificate seeking students -- national and international -- were Hispanic, 28 percent were Asian or Pacific Islander, 26 percent were Black, and 15 percent were White in fall 2017 (CUNY Internal Count, page 20). There has been an increase in the percent of non-degree students who are Asian or Pacific Islander, going from 34% in fall 2016 to 41% in fall 2017.

Most associate degree seeking students enter Queensborough right after high school. Thus, the age distribution of students is relative typical for an undergraduate serving institution with only 23 percent of degree seeking students 25 years or older. Fifty-three percent of associate degree students were female in fall 2017. Certificate students tend to be significantly older than associate degree seeking students.

The vast majority of our students are New York City residents and most live in Queens. About 14 percent of students commute from other boroughs and surrounding counties.

## D. Academic Services

The Kurt R. Schmeller Library is an invaluable resource to students and the campus community at large. In 2017, circulation on devices decreased slightly along with reserve and book circulation. The decline in book circulation may have been due to students' increasing reliance and faculty's increasing requests for sources from online databases. Laptop circulation has also decreased slightly, with the library now also offering tablets and loaning out devices such as calculators, cordless chargers, headphones, DVDs, the scanner key and the key to the group study room. Since 2015, the library has made material available to students and faculty directly through Blackboard.

The division of Pre-college, Continuing Education and Professional Development has increased its offerings in pre-college and continuing education programs. Pre-College programs have increased from 1,791 to 2,029 with the Math component addition of CUNY Start. New workforce development programs included the onset of the NYC Small Business Services funding of the Certified Recovery Peer Advocate (CRPA) and the US Department of Labor funding of the America's Promise initiative.

Patron Count 2009-2017

The Library has eliminated the Ereserve service. Materials formerly deposited in Ereserve can now be made available to students via Blackboard. Library resources are available 24/7. Patrons can come to the library 78 hours per week and can engage in online chat with librarians for 11 additional hours per week. The Library has recently purchased additional devices that are used heavily by students.

## E. Grades, Academic Standing, Retention and Graduation

The college-wide grade distribution is very stable at Queensborough. In the past seven years, semester grades showed the following pattern: roughly one-third of students received As, one-third received grades between B+ and C, and one-third received grades below a C.

Students do better in freshmen composition courses than in gateway mathematics courses. This might be a reflection of incoming students' greater remedial needs in mathematics.

First-time full-time freshmen who entered QCC in fall 2016 earned on average 19.4 non-equated credits in their first year at Queensborough. Twenty-eight percent took one or more courses in the summer after entry. Twenty-six percent of transfer students who entered QCC in fall 2016 took one or more courses in the summer after entry.

The one-year retention rate of the fall 2016 first-time full-time freshman cohort was 67.2%. An additional 2.3% transferred to another college within CUNY and 1.8% transferred to a college outside CUNY by the following academic year. The one-year retention gap for underrepresented minority students (Black, Hispanic, Native American) decreased for the fall 2016 first-time full-time freshmen cohort, to 4.6%. The one-year retention rate gap between male and female students decreased to 6.9% for the fall 2016 cohort.

The three-year graduation rate at QCC was 22.6% for the fall 2014 first-time full-time freshman cohort, the highest recorded.

The four-year graduation rate of the fall 2013 first-time full-time freshmen cohort was 28.8 percent, a ten-year high. An additional 2.4 percent had graduated from another college before the end of the fifth academic year and 21% were still pursuing their degree by the fall 2017 academic year (either at QCC or another college within or outside CUNY).

The six-year graduation rate for fall 2011 first-time full-time freshmen was 31.6%. An additional 8.4% graduated from another college (within or outside CUNY), which brings the overall six-year graduation rate to 40% for the fall 2011 first-time full-time freshmen cohort.

## F. Degrees Awarded and Transfer-Out

Queensborough Community College granted 2,254 associate degrees in the academic year 2016-2017 (summer 2016, fall 2016, spring 2017 graduations combined), the second largest number of degrees in one year since the inception of the college. The programs with the largest numbers of graduates were Liberal Arts & Sciences (LA-AA), Business Administration (BT-AS), Criminal Justice (CJ-AS), Health Sciences (HS-AS), Liberal Arts & Sciences, Mathematics and Science (LS-AS), and the Nursing Science programs (NPS-AAS, NS-AAS, NH-AAS, and NY-AAS). These programs together granted a total of 1,686 associate degrees in the academic year 2016-2017. To date, Queensborough has awarded 67,501 degrees and certificates.

Eighty percent of the 2016-2017 dual-joint degree program graduates (334 graduates) transferred to a senior college (CUNY or outside CUNY) within one year. Close to three-quarters (75%) of graduates from other transfer degree programs and more than one-half (55%) of graduates from career programs transferred to a senior or comprehensive college within one year after graduation. Transfer rates were calculated by counting a graduate transferred if he or she had registered in a senior or comprehensive college (CUNY or outside CUNY) later in the same academic year or in the academic year following the graduation year (for the 2016-2017 graduates, the academic terms were fall 2016, spring 2017, summer 2017, fall 2017, and spring 2018; summer/winter only registrations not counted). Thirty-seven percent of all 2016-17 graduates who transferred to a senior CUNY school went to Queens College, 12% went to a school outside CUNY, 12% went to John Jay College, and 10% went to Baruch College.

A National Student Clearinghouse search revealed that QCC students also transfer to other schools before earning a degree. Not surprisingly, most students who transfer without a degree come from the largest programs: Liberal Arts and Sciences (LA-AA and LS-AS), Health Sciences (HS-AS), Business Administration (BT-AS), and Criminal Justice (CJ-AS).

## G. Faculty & Staff

In fall 2017, Queensborough Community College employed 405 full-time faculty members, 227 full-time Higher Education Officers (HEOs), and 47 full-time College Laboratory Technicians (CLTs). The number of full-time faculty has increased by 24 percent over the last eight years, from 327 in fall 2009 to 405 in fall 2017. The number of Higher Education Officers has increased substantially in the last eight years from 122 in fall 2009 to 227 in fall 2017, primarily in student support services. The College added nine more HEO positions in the last year.

Women and men are equally represented among full-time faculty. The full-time equivalent (FTE) students to one full-time faculty ratio of 26.25:1 in fall 2017 was the lowest since at least fall 2006. While student enrollment increased substantially at Queensborough during this period, the hiring of full-time faculty outpaced it.

## H. Tuition, Financial Aid, Budget, Grant Awards

The QCC tuition has not increased from 2015 and is still \$2,400 per semester for full-time undergraduate students. The tuition per degree credit is \$210 for residents and \$320 for non-residents. Non-degree students pay \$265 in state and \$420 out-of-state per credit.

Seventy-seven percent of first-time full-time freshmen received some form of financial grant aid (loans excluded) - federal, state, local, or institutional - in 2016-2017. Sixty-three percent of first-time full-time freshmen and 47 percent of all undergraduate students received Pell grants in the same time period. Only 5% of our students took out a federal loan in fall 2017.

The number of QCC grant awards has increased to the highest since at least fiscal year 2010, with the largest amount in student support services. The number of PSC-CUNY research awards to QCC faculty is the highest since at least 2012, with the English department receiving the most awards.
