

2016-17

FACT BOOK

THE OFFICE OF INSTITUTIONAL RESEARCH AND ASSESSMENT

Queensborough Community College, CUNY

The Queensborough Community College (QCC) Fact Book is a source and official reference guide for college-wide data. Compiled by the Office of Institutional Research and Assessment (OIRA), the 2016-2017 Fact Book is a collection and detailed analysis of quantitative information in the areas of enrollment, student demographics, academic services, grades, retention and graduation, degrees and transfer out, faculty and staff, financial aid, and college finances. The purpose of the Fact Book is to assist the college community in the planning and decision-making process by presenting a profile of the institution and trends in all academic areas.

The information included in the Fact Book 2016-2017 is a compilation of data from many sources. We would like to thank the following offices for their contributions to this Fact Book: the Registrar, the Human Resources and Labor Relations office, the Accounting & Related Entities office, the Budget & Financial Services office, the Sponsored Programs office, the Kurt R. Schmeller Library, and the Pre-College, Continuing Education and Workforce Development office.

Along with the Fact Book, here is a list of additional reports & resources available on the OIRA website (www.qcc.cuny.edu/oira):

- OIRA conducts the assessment of the Queensborough Academies by following an assessment protocol that was developed by faculty and the administration. To learn more about the protocol and the findings, please go to the OIRA homepage and click on "Assessment".
- Program dashboards are useful visual representations of recent trends in degree & certificate programs. They can be downloaded as PDFs or accessed in Tableau interactive format.
- In Spring 2016 a total of 1,839 QCC students participated in the latest Student Experience Survey. A link to the interactive survey report can be found under "Surveys" on the OIRA homepage. The interactive report allows users to review and download student feedback and demographic information not found in this Fact Book (e.g., how many of our students are first-generation college students).
- In order to capture the feedback of students who have left QCC before earning a degree, OIRA conducted a survey of non-returning students in spring 2014 (under "Surveys" on the OIRA homepage).
- Reports of two surveys of QCC Graduates can be found under "Surveys" on the OIRA homepage and provide insight into career and educational pursuits of our graduates.
- Many of our faculty participate in the Starfish Early Alert intervention that provides struggling students with resources and extra help. For reports on the number of alerts and users, please go to the Starfish Reports tab on our homepage.

For further inquiries, please contact the Office of Institutional Research and Assessment.

College Overview

Queensborough Community College is dedicated to academic excellence and rigor and to providing an affordable, high-quality education to pre-college, college, and lifelong learners. Our faculty and staff are committed to the holistic development of today's students in a nurturing and diverse environment that prepares them to be successful in a dynamic workforce. The College affirms its open admissions policy and its strong support of intellectual inquiry, global awareness, civic responsibility, and cultural and artistic appreciation. (Spring 2017 QCC mission statement).

The Fall 2016 student enrollment was 15,569 students out of which 13,596 were degree and certificate seeking students. Sixty-seven percent of the degree and certificate seeking students were enrolled full-time. The curricula with the highest enrollments were Liberal Arts and Sciences (A.A.), Business Administration (A.S.), Health Sciences (A.S.), Criminal Justice (A.S.), and Liberal Arts and Sciences (Mathematics & Science) (A.S.).

- A total of 1,973 students were non-degree. The majority of this group were high school students who were part of the College Now program, which enrolls high school students in college courses.
- Queensborough is a very diverse campus with students from 129 countries. The majority live in Queens. Thirty-five percent report speaking a language other than English at home.
- Queensborough is an open-admissions campus; over seventy percent of the incoming freshmen require at least one remedial course. In the academic year 2015-16, 79 percent of all first-time full-time freshmen and 55 percent of all degree students received some form of financial grant aid.
- The six-year graduation rate for the Fall '10 cohort was 32.2 percent from Queensborough with an additional 8.5 percent that graduated elsewhere in CUNY or outside CUNY. This brings the overall six-year graduation rate to 40.7 percent. QCC students usually go on to another CUNY senior college such as Queens College and Baruch College, but also enroll in non-CUNY colleges (e.g., SUNY Stony Brook, SUNY Binghamton, Adelphi, Long Island University, NYU, and St. John's).
- QCC graduated 2,268 students in the academic year 2015-16, the highest number of graduates in one academic year since the inception of the college. The curricula with the most degrees were Liberal Arts and Sciences (825), Business Administration (342), and Criminal Justice (218).
- Sixty-three percent of the full-time faculty at Queensborough have earned doctoral degrees. Another 17 percent have terminal degrees in such fields as nursing, engineering, and the visual and performing arts.

A. QCC Enrollment

In fall 2016 a total of 15,569 undergraduate students were enrolled in Queensborough Community College in 39 associate degree programs, five certificate programs, and for-credit programs such as College Now.

Over two-thirds of all students enroll in a transfer degree program at Queensborough. The Liberal Arts & Sciences (LA-AA) program is by far the largest program with 4,922 students enrolled in fall 2016, many of whom were enrolled in pre-nursing courses. The Business Administration transfer program (BT-AS) is the second largest program at QCC with a total of 1,502 students in fall 2016.

Queensborough has nine dual-joint transfer degree programs with CUNY senior colleges with 1,885 students enrolled in fall 2016. The Criminal Justice (CJ-AS) dual-joint degree program with John Jay College of Criminal Justice is the largest of these with 1,240 students in fall 2016. Smaller dual-joint programs with John Jay include Accounting for Forensic Accounting (AF-AS) and Science for Forensic Science (SF-AS). Queensborough has dual-joint AAS/BS nursing programs with Hunter College, York College, and the CUNY School of Professional Studies enabling graduates to obtain a B.S. in Nursing. The Education (LE-AA) dual-joint program with Queens College enrolled 372 students in fall 2016. The Biotechnology dual-joint program and the recently added Chemistry dual-joint program with York College enable QCC graduates to complete Bachelor of Science degrees at York College.

Fall 2016 saw an increase in enrollment in a number of career degree programs such as Computerized Architectural & Industrial Design (DD-AAS), Internet and Information Technology (EM-AAS), Mechanical Engineering Technology (MT-AAS), Management - Marketing (BM-AAS), and Massage Therapy (TM-AAS). The enrollment in certificate programs continued to decline in fall 2016.

Over ninety percent of first-time freshmen and 67 percent of all degree-seeking students at Queensborough were enrolled full-time in fall 2016.

¹ Since double majors are counted twice, the total may be larger than the total headcount on page 5. ² The program was changed from an AAS to an AS program in fall 2015.

³ Includes the program "Nursing - Pre-Clinical", now a Liberal Arts subplan

⁴ The decline in enrollment is due to an enrollment shift to the new dual joint degree programs (see Dual Joint Transfer Degree counts.)

⁵ Fall 2014 includes one CBUI student.

⁶ Grand Totals include discontinued programs that are not listed in the table

B. New Student Profile

The college enrolled 3,316 first-time freshmen and 978 advanced transfer students in fall 2016. Freshmen were 51.3 percent male and primarily full-time (90.4 percent). Only 9.6 percent of freshmen were part-time in fall 2016.

Queensborough Community College is one of the most diverse campuses nation-wide. Among freshmen, Hispanic students represent the largest group (32 percent), followed by Black students (25 percent), Asian students (23 percent) and 15 percent White students. Four percent of the freshmen were non-resident alien.

Over 37 percent of the fall 2016 freshmen speak a language other than English at home. Spanish, Chinese, Bengali, Creole, and Urdu were the most prevalent non-English languages among freshmen in fall 2016. Queensborough freshmen come from 65 different countries.

Eighty-three percent of freshmen (with recorded high school information) were New York City high school graduates and 53.5 percent of advanced transfer students came from a CUNY or SUNY school.

Over seventy-two percent of incoming (matriculated) freshmen were required to enroll in a remedial subject. In fall 2016, 65.4 percent of freshmen needed remedial mathematics, 25.3 percent remedial writing, and 18.6 percent remedial reading. A relatively small group needed remediation in two (18.0 percent) or three (9.1 percent) subjects. In addition, a small number of students with triple (or double) remedial needs are served through CUNY Start, a program for non-matriculated students that started in fall 2011 and enrolled 194 students in fall 2016¹. The CUNY Language Immersion Program (CLIP) enrolled 236 non-matriculated remedial students in fall 2016. The CUNY Start and CLIP students are not counted in the Fact Book¹.

C. Student Demographics

Queensborough Community College is one of the most diverse colleges in the nation. Our students come from 129 countries and speak 78 different languages. Twenty-four percent of the students were born outside the USA. They come from every corner of the globe including Asia, North and South America, Africa, Europe, and Australia. The top five non-English native languages are Spanish, Chinese, Korean, Bengali, and Urdu.

Thirty percent of all degree and certificate seeking students -- national and international -- were Hispanic, 28 percent were Asian or Pacific Islander, 26 percent were Black, and 15 percent were White in fall 2016 (CUNY Internal Count, page 20).

Most associate degree seeking students enter Queensborough right after high school. Thus, the age distribution of students is relative typical for an undergraduate serving institution with only 22 percent of degree seeking students 25 years or older. Fifty-three percent of degree students were female in fall 2016. Certificate students tend to be significantly older than associate degree seeking students.

The vast majority of our students are New York City residents and most live in Queens. About 14 percent of students commute from other boroughs and surrounding counties.

D. Academic Services

The Kurt R. Schmeller Library is an invaluable resource to students and the campus community at large. In 2016, circulation on devices increased dramatically, while reserve and book circulation declined. Laptop circulation has also increased, with the library now also offering tablets and loaning out devices such as calculators, cordless chargers, headphones, DVDs, the scanner key and the key to the group study room. Since 2015, the library now makes material available to students and faculty directly through Blackboard.

The division of Pre-college, Continuing Education and Workforce Development has increased its offerings in pre-college and continuing education programs. The Connect2College program was moved from Workforce Development to Pre-college. The HHA grant increased enrollment and the Cybersecurity and ConEdision Stemmnicity grants both completed their funding cycles in fall 2016.

Patron Count 2008-2016

The Library has eliminated the Ereserve service. Materials formerly deposited in Ereserve can now be made available to students via Blackboard. Library resources are available 24/7. Patrons can come to the library 78 hours per week and can engage in online chat with librarians for 11 additional hours per week. The Library has recently purchased additional devices that are used heavily by students.

Pre-college, Continuing Education, and Workforce Development

Fall 2016

Program enrollment and Funding sources	Tuition-based		Grant-based		Total	
Pre-college	1,471	46%	320	81%	1,791	50%
Continuing Education	1,364	43%	0	0%	1,364	38%
Workforce Development	364	11%	75	19%	439	12%
Total Enrollment	3,199	100%	395	100%	3,594	100%

Tuition-based Enrollment

Pre-College enrollment increased with the addition of the Connect2College (C2C) program. Continuing Education enrollment increased. Workforce Development sector reflected a decrease since C2C was moved to the PreCollege sector.

Grant-based Enrollment

The Cybersecurity and ConEdison Stemmicity grants both completed their funding cycles. The 21st Century grant program experienced a decrease in enrollment. The HHA grant program experienced an increase in enrollment.

E. Grades, Academic Standing, Retention and Graduation

The college-wide grade distribution is very stable at Queensborough. In the past seven years, semester grades showed the following pattern: roughly 30 percent of students received As, 33 percent received grades between B+ and C, and 33 percent received grades below a C.

Students do better in freshmen composition courses than in gateway mathematics courses. This might be a reflection of incoming students' greater remedial needs in mathematics.

First-time full-time freshmen who entered QCC in fall 2015 earned on average 17.5 non-equated credits in their first year at Queensborough. Twenty-three percent took one or more courses in the summer after entry. Twenty-eight percent of transfer students who entered QCC in fall 2015 took one or more summer courses after entry. In general, transfer students are more likely to take summer courses than freshmen.

The one-year retention rate of the fall 2015 first-time full-time freshman cohort was 62.8 percent. An additional 2.3 percent transferred to another college within CUNY and 3.7 percent transferred to a college outside CUNY by fall 2016. The one-year retention gap for underrepresented minority students (Black, Hispanic, Native American) decreased for the fall 2015 first-time full-time freshmen cohort, to 9.7 percent, but was still higher than the gap for cohorts prior to fall 2014. (The gap for the fall 2014 cohort rose from a low of 4.3 percent for the fall 2013 cohort to a high of 11.6 percent.) The one-year retention rate gap between male and female students increased to 8.8 percentage points for the fall 2016 cohort.

The three-year graduation rate at QCC was 21.9 percent for the fall 2013 first-time full-time freshman cohort, similarly high as for the 2012 cohort (22.0 percent).

The four-year graduation rate of the fall 2012 first-time full-time freshmen cohort was 28.6 percent, a ten-year high. An additional 2.5 percent had graduated from another college before fall 2016 and 24.8 percent were still pursuing their degree by fall 2016 (either at QCC or another college within or outside CUNY).

The six-year graduation rate for fall 2010 first-time full-time freshmen was 32.2 percent. An additional 8.5 percent graduated from another college (within or outside CUNY), which brings the overall six-year graduation rate to 40.7 percent for the fall 2010 first-time full-time freshmen cohort, a ten-year high.

F. Degrees Awarded and Transfer-Out

Queensborough Community College granted 2,255 associate degrees and 13 certificates in the academic year 2015-2016 (summer 2015, fall 2015, spring 2016 graduations combined), the largest number of degrees in one year since the inception of the college. The programs with the largest numbers of graduates were Liberal Arts & Sciences (LA-AA), Business Administration (BT-AS), Criminal Justice (CJ-AS), Health Sciences (HS-AS), Visual and Performing Arts (FA-AS), Liberal Arts & Sciences, Math and Science concentration (LS-AS), and the Nursing Science programs (NS-AAS, NH-AAS, and NY-AAS). These programs together granted a total of 1,816 associate degrees in the academic year 2015-2016. To date, Queensborough has awarded 65,247 degrees and certificates.

Seventy-eight percent of the 2015-2016 dual-joint degree program graduates (332 graduates) transferred to a senior college (CUNY or outside CUNY) within one year. Close to three-quarters (72.1 percent) of graduates from other transfer degree programs and one-half (49.9 percent) of graduates from career programs transferred to a senior or comprehensive college within one year after graduation. Transfer rates were calculated by counting a graduate transferred if he or she had registered in a senior or comprehensive college (CUNY or outside CUNY) in any or all semester(s) of the academic year following the graduation year (for the 2015-2016 graduates, the academic terms were summer 2016, fall 2016, and spring 2017, summer only registrations not counted). Thirty-seven percent of all 2015-16 graduates who transferred to a senior school went to Queens College, 13 percent went to a school outside CUNY, 11 percent went to John Jay, and 9 percent went to Baruch College.

A National Student Clearinghouse search revealed that QCC students also transfer to other schools before earning a degree. Not surprisingly, most students who transfer without a degree come from the largest programs: Liberal Arts and Sciences (LA-AA and LS-AS), Health Sciences (HS-AS), Business Administration (BT-AS), and Criminal Justice (CJ-AS).

¹ Changed from an AAS to an AS program in summer 2014.

² EM-AAS (Internet Technology) was changed in Fall 2015 to Internet and Information Technology.

³ The decline in awards is due to an enrollment shift to the new dual joint degree programs (see Dual-Joint Transfer Degree counts).

G. Faculty & Staff

In fall 2016, Queensborough Community College employed 403 full-time faculty members, 218 full-time higher education officers (HEOs), and 46 other full-time instructional staff members. The number of full-time faculty has increased by 13 percent over the last six years, from 357 in fall 2010 to 403 in fall 2016. The number of higher education officers has increased substantially in the last six years from 133 in fall 2010 to 218 in fall 2016, primarily in student support services. The College added 21 more HEO positions in the last year.

Women and men are equally represented among full-time faculty. The full-time equivalent (FTE) students to one full-time faculty ratio of 26.7:1 in fall 2016 was the lowest since fall 2008. While the student enrollment increased substantially at Queensborough during this time period, the hiring of full-time faculty outpaced the increase in student enrollment.

H. Tuition, Financial Aid, Budget, Grant Awards

The QCC tuition has not increased from 2015 and is still \$2,400 per semester for full-time undergraduate students. The tuition per degree credit is \$210 for residents and \$320 for non-residents. Non-degree students pay \$265 in state and \$420 out-of-state per credit.

Seventy-nine percent of first-time full-time freshmen received some form of financial grant aid (loans excluded) - federal, state, local, or institutional - in 2015-2016. Sixty-eight percent of first-time full-time freshmen and 49 percent of all undergraduate students received Pell grants in the same time period.
