

## ADDING TEXT

### STEP 1

If you have an existing **Module** continue with the following steps. If not, refer to [Adding Module tutorial](#).

### STEP 2

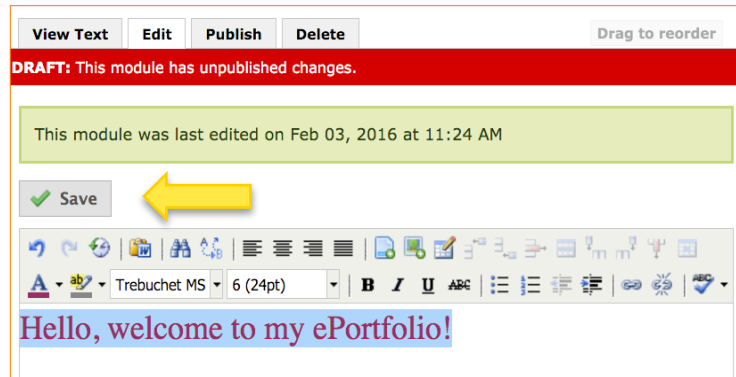

To add text, navigate to the **Section** or **Page**. Then locate your **Module** to add text. Click **Edit** at the top of the module.

### STEP 3

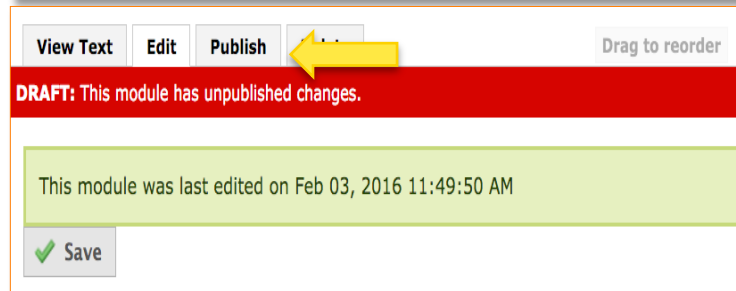

Use the text editor to add your **Text**, and click **Save**.

*You can choose your font, color, size and type*

### STEP 4

Once your Text has been saved, the next step is to review and click **Publish**.

### STEP 5

You will receive the following message once the changes have been published.
