Absent: Dr. M. Chauhan

The meeting was called at 2 pm in H-345.

1. Minutes of the March 16th, 2013 meeting were approved.

2. The Chair reported that several science courses have been submitted to the Chancellery for inclusion in the Pathways common core with changes in their syllabi reflecting that course content was substantially altered to satisfy the demand of the Common Core Review Committee. These courses as altered bypassed submission to the Curriculum Committee. A discussion ensued about the role and purpose of the Curriculum Committee if the Committee is bypassed on curricular matters.

Those present decided to take a vote as to the Committee would continue to work on non-Pathways matters or take no further action on all curricular matters until a response was obtained from the College President as to how shared governance is to operate at the College and receipt of the final forms of the syllabi and course nomination forms as submitted for STEM courses by the College to CUNY. The Committee would review the response of the President and then decide how it will proceed.

The Committee voted to put a temporary hold on all Committee business. The Committee would meet next on 4-30-13.

3. Meeting was adjourned at 3.00 PM

Respectfully submitted,

Devin McKay
