Present: Dr. Phil Pecorino (Chair), Dr. M. Santoro, Dr. D. Klarberg, D. McKay, Dr. R. Yuster, Dr. M. Chauhan (Secretary), Dr. K. Pearl, Dr. A. Corradetti (Ex-Officio), Dr. A. Borrachero (Designee),
Invitees: Dr. David Lieberman (Chairperson, Dept. Physics), Dr. Karen Steele (Vice-President)

1. The meeting was called at 2 pm in H-345.
2. The minutes from the August 28th, 2012 meeting were approved.
3. Dr. Lieberman was invited to the committee, prerequisites requirements for PH-301 were discussed (the course is not transferable to Stony Brook without calculus as prerequisite), the committee suggested to create a new course number with calculus as the prerequisite.
4. Committee recommended revision for the course PH-110: the lecture and lab component of PH-110 should be split into two separate courses and the lab component should be integrated in the lecture to meet the learning outcomes of the common core pathways nomination category I C.
5. Physics courses submitted in common core pathways nomination category II E were discussed. The committee suggested selecting 3 courses only in II E category and work on the learning outcomes in detail.
6. The meeting was adjourned at 3.05 pm.

Respectfully submitted,
Moni Chauhan
