- Jankowski, Jeffery, Social Sciences, COC Liaison
 - Sujun Wei, Chemistry, Steering Committee Designee
 - Jeanne Galvin, Library, President's Liaison
-

Agenda

1. Minute approval from October 19th, 2016
2. Follow up the disability bathroom conversion with B&G
3. eLearning Committee member from Health and Dance department Aviva Geismar on 'Fitness while Studying' forwarded a document of suggested exercises from online (see handout). Comments from Chair Chang based on the discussion from Spring 2016 semester:
 - a. In order to show students who study at the library, we may have to distribute the list of the videos. Therefore copyright may become an issue if we use these videos for public display.
 - b. We have limited space in the library. Therefore some videos with floor work or major body movement may not work.
 - c. We were hoping to find out if QCC physEd and/or dance department has something made for QCC or QCC owns the copyright.
4. Ashley Grant from Academic Computing Center will help to create survey on SurveyMonkey and Renald Pierre-Charles from Student Affairs will release the link to students.
5. Finalize our survey questions for 'Fitness while Studying'
