\* The library now has two new security gates instead of one. They were installed on or about 10/12/2006. The gates give a more accurate turnstile count than the one older security gate. The result will be higher and more accurate counts.

Enrollment decreased in the Kids College program due to the transitional period of the Coordinator leaving and hiring a new Coordinator. Another factor is the termination of the INVEST program. Kids College has expanded to now include Chinese Academy as well as additional artistic and cultural programmatic offerings.
