Join the United Leaders of CUNY

We, the United Leaders of CUNY are an organization of student members from the Percy Ellis Sutton SEEK & College Discovery programs who work together to elevate the level of awareness of the opportunities and resources available to students in the City University of New York. With student delegates from each of the 17 CUNY colleges, we strive to improve student success through civic engagement and active leadership, while strengthening our educational and career goals. To this end, ULC represents and advocates for students’ rights and believes that together we can overcome the challenges that may come our way as scholars in higher learning.
What We Do
