Discussion:

The Committee met to review the dismissed students’ transcripts to decide those who would be retained on Continued Probation for the Fall 2013 semester.

The Chair, Ms. Capozzoli, apprised the Committee Members of the criteria used to reach a decision in retaining a certain student: Is the dismissed student registered for the Fall 2013 semester which may show their intent for their future course of action? If they are registered are they repeating courses to improve their GPA? How many credits have they attained, and what is their graduation status? Also does a student have certain patterns such as registering into their courses and then not attending (WU/WN grades)?

Most of the students who were approved Continued Probation were assigned a limit of credits so they could focus and manage their time more effectively so as to improve their GPA.

Students who had a GPA of 1.80 and had attended only a few semesters were automatically approved for Continued Probation. This followed the same standards set in the June 2012 review of dismissals.

Ms. Capozzoli would review the appeals independently and continuously during the month of July & August, 2013. The new Chair, Dr. Dahlke will take this over beginning the week of August 19th. This was agreed upon unanimously by the Committee members. The Committee’s secretary.

The following appeals were reviewed:
