Queensborough Community College has a Dual/Joint Program with Hunter Bellevue School of Nursing, leading to a Baccalaureate Degree in Nursing.

This is an unique opportunity for clinical students in NU101 to apply for this competitive program. In addition to the courses required for their Associate in Applied Science (A.A.S.) Degree, students will be encouraged to complete additional liberal arts, science, and humanities courses such as Statistics, Chemistry and American History which can be applied to the Bachelor of Science (B.S.) Degree. Total of 77.5 credits can be transferred to Hunter for an Associates Degree and 90 credits if you previously obtained a Bachelors Degree.

Criteria for selection of candidates for the dual enrollment at Queensborough Community College and Hunter Bellevue School of Nursing are as follows:

- A grade of B or better in NU101
- Recommendation from clinical faculty in the NU 101 course
- Application/Personal statement
- Time commitment:
  - Working less than twenty hours weekly is recommended
  - Continue to attend Queensborough Community College (QCC) Nursing program consecutively until graduation
  - Enroll in additional courses such as Statistics, Chemistry and American History at Queensborough during the summer semester
  - Attend professional development workshops at Hunter approximately twice a semester
  - Post-graduation from QCC, commit to attend Hunter Bellevue School of Nursing to pursue a Bachelor of Nursing.
- Punctual, adaptable and flexible to new situations
- Good, clear communication, interpersonal and problem solving skills
- Good collaboration and teamwork skills
- Self-motivated
- Good leadership skills: confident, calm, open-minded, respectful, enthusiastic organized, and resourceful
- Professional behaviors: appropriate demeanor, adherence to code of ethics, professional standards, legal responsibilities, prepared for clinical and lab, punctual with assignments and attendance to lab, clinical and class.

Additional criteria:
Overall prenursing GPA
NLN exams: Students are expected to achieve above the mean.
- NU101 NLN standardized exam mean (Spring, 2012 mean 79.8)
- NLNPAX score >110 is a good predictor of success at QCC nursing program however will consider individual subject scores

All applicants meeting the required criteria will be considered for the dual joint program and placed in a NU102 clinical group.

The final applicants will be selected after the first NU102 exam and with consultation with the NU102 full time faculty.
