

Student Feedback on Starfish

What Queensborough Students are saying about Starfish

"Before I received my first Kudos from my professor, I was unsure if my hard work was being noticed. When I received the email from my professor congratulating me, I realized I was doing exactly what I was supposed to be doing and I didn't have to worry anymore, my effort was being acknowledged.

I could continue working hard without fearing the unknown." Nikky '18

"My professor first recommended I go for tutoring through Starfish. I took his advice and it has helped me a lot. After three sessions of tutoring my grades increased and I earned my first "Kudos". My adviser also noticed my improvement and it made me feel good knowing there were real people interested in my success.

I wish all my professors used Starfish. It really has made a difference."
