## Notes:

1. Based on math placement, students may take MA-114, MA-119, MA-128, MA-440, MA-441 or MA-442.
2. Laboratory science elective required for students who do not take STEM Variant in Required Core 1C.
3. Elective highly recommended because these courses lead to industry certifications. ET-481 lead may to COMP-TIA A+ certification. ET-725 may lead to COMP-TIA Sec+ certification. The exams must be taken separately from the course.
4. Elective highly recommended.

All students must successfully complete two (2) writing-intensive classes (designated "WI") to fulfill degree requirements.
