

U.S. DEPARTMENT OF
ENERGY

Office of
Science

Community College Internship (CCI) at Oak Ridge National Laboratory (ORNL)!

2016 Fall Internship Information – Apply now!!

ORNL is the largest science and energy laboratory in the Department of Energy system. Areas of research include materials, neutron sciences, energy, high-performance computing, systems biology and national security. Visit <http://www.youtube.com/watch?v=NSCdUI8caww> to discover some exciting reasons why ORNL offers a great internship experience!

Benefits:

- 10 weeks (August 29 – December 16) engaged in a technical training project under the direction of a laboratory scientist/engineer*
- Career development workshops/lab tours
- \$500 per week stipend and limited travel reimbursement/housing allowance (for those who qualify)

To be eligible, you must:

- Be currently enrolled full-time at a community college or accredited two-year college and have completed at least one semester at the time of application)*
- Have completed at least 6 credit hours in science, mathematics, engineering, or technology course areas and have completed at least 12 credit hours towards a degree
- Be at least 18 years of age
- Be a U.S. Citizen or Legal Permanent Resident
- Have a minimum GPA of 3.0

*There is an option for a "flex-schedule" where the equivalent of 400 hours spent onsite at a host lab can be spread over a 16 week duration term. Weekly stipends are based on a 40 hours/week payment, prorated accordingly, with any housing allowance being based upon a 10-week duration appointment.

Application deadline: May 31, 2016 5:00 p.m. EST

Apply online now at <http://science.energy.gov/wdts/>
