QUEENSBOROUGH COMMUNITY COLLEGE THE AWARDS AND SCHOLARSHIPS COMMITTEE

To: The Academic Senate

From: Christopher Roblodowski, Chairperson

Date: Oct 30, 2017

Subject: ANNUAL REPORT 2016-2017

Committee Members 2016 - 2017:

Chairperson: Christopher Roblodowski (Biology)

<u>Secretary</u>: Dugwon Seo (Engineering Technology)

<u>President's Designee:</u> Veronica Lukas (Executive Director of Student Financial Services)

Other member(s): Sharon Lall-Ramnarine (Chemistry), Shele Bannon (Business), David Rothman (English), George Muchita (College Transfer Coordinator)

Committee on Committees Liaison: Christine Mooney (Business)

Meeting Times:

The Awards and Scholarships Committee met **five times** (September 7th, December 14th, March 8th, May 10th and May 31st) during the academic year 2016-2017 to evaluate and recommend nominations for awards and scholarships.

<u>Accomplished Items:</u> The committee reviewed a total of **324** applications/nominations. This includes 100 Continuing Academic Merit Scholarships reviewed for the Fall 2017 semester.

A. Special Awards: 7 recipients chosen out of 32 applicants

1. *John F. Kennedy Memorial Award (\$500) – given to Haris Khan and Farbod Hadizadeh Moghadam.(out of 4 nominees), graduating students who have demonstrated outstanding leadership in the college and the community.

- **2.** *Martin Luther King Jr. Memorial Award (\$500) given to Fatima Faisal (out of six applicants), a graduating student who has demonstrated exceptional leadership in promoting racial harmony and appreciation of cultural diversity;
 - **3.** *Ray Ricketts Memorial Award (\$150 each) given to XingHui Qiu (out of 13 applicants), returning student (left college at one point) who exhibits exceptional scholarship and leadership;
 - **4.** *Incentive Awards Day and Evening (\$250 each) given to day and evening students: Razieh Arabi and Philomina-Mary Njapa, , Sophia Worrell, and Maria Virginia Villadiego-Punto (out of 5 nominees) who have demonstrated outstanding academic performance and are working parents.
- * The president's office handles the JFK and MLK awards- the recipients' names are printed in the commencement book and they are mailed a check, a certificate and a letter. The president's liaison on the committee, Veronica Lukas, sends the information to Millie Conte of the presidents' office. Historically, the JFK award is given to one recipient, but due to their equally outstanding and deserving contributions, the committee reached out to President Call and she agreed to award the full amount to two candidates. This is a one-time only exception.

Student Affairs handles the Ray Rickett's award while Student Government handles the Day and Evening Incentive awards. Veronica Lukas, sends the information on both the Ray Ricketts and Day and Evening Incentive, to Tim Hillis of the publications office and also mails the check, certificate and letter. The budget for the incentive awards has been increased to \$1000 and all winners will now get \$250 (\$100 previously) award each for this year and beyond. Ray Ricketts Award amount also has been increased. There is currently \$2200 in the account. As a result, awardees will receive the doubled amount of \$150 (\$75 previously) for this year and beyond until the amount runs out.

B. Continuing Student Academic Merit Scholarship – given to current and continuing students who have demonstrated outstanding academic performance (a minimum cumulative GPA of 3.25 required). In the Fall 2016 semester awards of \$1,000 each were given to 68 new and continuing students. The committee reviewed 101 applications from continuing students and recommended 68. The applications of the qualifying incoming Freshmen are not reviewed by the committee. In the Spring 2017 semester awards of \$1,000 each were given to 72 students (new applicants as well as Fall 2016 applicants qualifying for continued funding in the Spring. The committee reviewed 70 applications for the spring 2017 merit scholarship and recommended 51 for the scholarship.

^{*}Includes applications not reviewed by the committee

See Appendix 1for data on all Awards and Scholarships offered by the college during 2016-2017

Accomplishments

- 1. The committee reviewed 171 Continuing Academic Merit Scholarship applications, down from 234 in the previous year. We had 140 students receive a merit scholarship of \$1000, slightly up from 124 the previous year.
- 2. It was discussed and followed to have committee members receive applications at least one week in advance of a meeting. This made it easier for members, especially with the application of a grading rubric for evaluation of Continuing Academic Merit Scholarship essays.
- 3. Charles Petz sent the list of final recipients of awards in September in digital format. This list included Commencement awards and made it easier to compile the annual compared to years prior.
- 4. The committee met in September to fine-tune a grading rubric for the Continuing Academic Scholarship essays first proposed by Shele Bannon. We implemented the rubric for Spring 2017 and Fall 2017 Merit applications. This helped with the essay evaluation process and has also given us a way to document the evaluation.
- 5. The committee requested that Dave Moretti set up a word counter of 250 words on the application for the Continuing Academic Merit scholarship. Also, the following message was added to the application: "Applicants with poorly written essays will be rejected. The Writing Center is available for assistance with essay writing."
- 6. The Continuing Academic Merit Scholarship applicant list was edited by the financial aid office to include a column for QCC credits accumulated, a column for essay evaluation, and continued to be sorted by both GPA and alphabetical order. These changes have made the process of evaluating applications much smoother.
- 7. The call for Incentive Day and Evening was edited to include a checkbox for working parent and to request documentation of employment. This proved helpful in sorting through candidates.
- 8. The committee noticed an improvement in the quality of letters of recommendation and candidates for the Special Awards. This was especially the case for the John F. Kennedy Award, where the committee identified two equally deserving candidates. Veronica

- Lukas asked President Call whether both candidates could be awarded and she made a one-time exception, with both candidates receiving the full amount.
- 9. The committee is again able to report on all of the awards and scholarships offered by the college *and their dollar amounts* (see Appendix 1). The data was obtained from Charles Petz, Database Manager, Office of Institutional Advancement.
- 10. The committee's chair and new secretary attended a content management system training workshop for academic senate committees. They were instructed on how to upload documents onto the new system as well as reminded that all documents to be uploaded must be ADA compliant.

Challenges

- Obtaining data for the annual report of the committee in a timely manner could still be made more efficient.
- Soliciting recommendations from faculty for the inclusion in *Who's Who in American Universities and Colleges* continued to be a challenge. The total number of applicants (21) was lower than last year's 30 applicants. As noted in last year's annual, the college is permitted to approve up to 150 nominees. The low number of nominees by faculty continues to be due to lack of advertising by faculty and staff and lack of interest from students.
- During the process of evaluating Who's Who applications, the committee once again came across recommendations that were incomplete, missing either one or two of the three criteria (college activity, community involvement, promise). Several recommendations listed the criteria but either offered little detail or did not provide documentation of their involvement. Due to almost half of the recommendations being insufficient in at least one criteria, the committee decided to contact the recommenders and ask them to provide additional documents. All those contacted responded and the committee accepted the revised recommendations.
- Due to low numbers of applications and recommendations, we had to extend the deadline of both the Special Awards and Fall 2017 Continuing Academic Merit scholarship. We ended up with numbers higher or comparable to previous years with 32 total recommendations (up from 10 last year) for Special Awards and 100 for the Fall 2017 Merit (101 for Fall 2016). The latter required two rounds of voting to reach the 100.

Recommendations / To Do

1. There continues to be a need for reception of award information in a timely manner. The committee chairperson should receive the list of final selections of awards and scholarships reviewed by the committee as soon as the final choices are made to prepare the report.

2. For the **Who's Who Nominations**:

- It should be noted to recommenders that if club membership is included as community involvement, the student's role in the club should be described in detail. We ran into many cases of a lack of description of a club member's role and how it constitutes community involvement. The addition of a checklist for each of the three criteria for this award would prove helpful.
- It should be noted that a recommendation letter must be only written by faculty from an academic institute as we received recommendations from non-faculty.
- The number of Who's Who nominations continued to decline from the year before. It could prove helpful for the chair of the committee to send a reminder for

next year's Who's Who to committee members so they can advertise the award at departmental events like departmental meetings. Also, the committee can reach out to Student Life Specialist, Raymond Volel, and Director of Student Activities, Gisela Rivera, to promote the Who's Who award in Student Government.

- The committee suggests including recommender names in future minutes and annual reports.
- The master list of all nominees that the committee uses to decide on eligible candidates should continue to include a column labeled "recommended by." This will enable follow up questions for missing information.
- The committee should notify the recommenders of which students were nominated.
- A document with the benefits of Who's Who should be prepared and attached to the call for nominations.

3. Academic Merit Scholarships:

- The committee continued to discuss the issue of candidates who fall just short (half credit) of the 15 credit full registration requirement. The committee continues to recommend an auto-reply message could be sent to students upon starting the merit application process reminding them of the 15 credit requirement for the current semester.
- The committee still suggests that letters should be sent to those applicants who will not be receiving awards with a checklist of reasons why the scholarship was not awarded to them.

4. Special Awards:

- The committee suggests to include recommender names in future minutes and annual reports.
- There continues to be a need to verify account and balances of awards. For example, the Women's club award was phased out due to lack of funds. Sheela Sarecha, executive assistant to the Vice President should be contacted. This should be done before the next call for Special awards.
- The John F. Kennedy Award and the Martin Luther King Jr. Memorial Award accounts are empty. However, the president continues to fund them through other monies because of the significance of the awards.
- The **applications for the special or commencement awards** should have sections for faculty to complete (Scholarship, leadership on campus, service to the college, promotion of racial harmony, working parents) depending on the awards.
- 5. **Shared Network Drive needed:** This committee continues to need access to a shared network drive for digital file sharing as a means of collecting applications. This will save a lot of paper and ink. For example each semester if the merit scholarship attracts 120 applicants, each entire application of 2-3 pages has to be duplicated 7 times for the committee members. The committee does have a Blackboard site but it was never utilized for this purpose. Google Drive or Dropbox may be preferred.

6. Dates for advertising or soliciting applications and recommendations for awards and scholarships:

- The **Spring 2018 Continuing Student Academic Merit Scholarships** need to be advertised early in the Fall 2017 semester. Ideally, the committee should meet in December 2016 or early January 2017 to vote on these.
- The Spring 2017 Who's Who Among Students in American Colleges and Universities need to be advertised in early and late December so that the deadline could be in mid March and the committee can meet to make decisions in late March.
- The Special Awards could have a deadline of late April and the committee can meet in May.

Acknowledgements

Dugwon Seo did a terrific job in her first year on the committee. She was elected and accepted the secretary position without hesitation. She prepared the minutes in a timely and efficient manner. She accompanied the committee chair to the content management system training workshop and has since checked the documents for ADA compliance and posted them onto the website. George Muchita continues to offer priceless assistance with his knowledge and experience as a transfer coordinator. We go to him when we have questions about remedial courses or graduation, particularly when evaluating Academic Merit scholarships. He possesses an uncanny ability to spot the tiniest of details on transcripts. David Rothman has continued be a valuable member of the committee. This was the first year that we implemented Shele Bannon's rubric for evaluating Academic Merit scholarship essays. So David proved especially helpful because of his gift for identifying what makes a good essay. Sheele Bannon continued to provide terrific analysis of applications and was a vital part of many of our discussions, like those on 15 credit requirements, her rubric, and was instrumental in making decisions when we could only give one award and several students were worthy. Her rubric has been incredibly helpful in the evaluation of Merit Scholarship essays. Shannon Lal-Ramnarine offered the new chair incredible help sharing her own experience as chair. She advised the new chair on many occasions on ways to improve the process of evaluating awards, reminded him of his duties, and provided him with a thorough list of contacts for compiling the annual. This annual could not have been made without her help.

The committee wishes to acknowledge **Veronica Lukas and her staff** for graciously arranging, hosting and attending each meeting as well as compiling and reviewing all applications. I will also wish to thank her for creating, editing, and sorting the voting sheets, which have made it so much easier to evaluate the applications. She also worked diligently to investigate the account balances for several awards, which lead to monetary increases for recipients in several cases. She made it possible for us to award the JFK to two candidates. Her office staff is also invaluable in collecting and sorting all of the applications/nominations, documenting the outcomes/results and following up on questions or concerns about specific applications. A special thanks to President

Call for allowing the awarding of the JFK to two equally deserving candidates. Lastly, we would like to thank both Shele Bannon and George Muchita for their many years of honorable service in this committee. They will be dearly missed.

Committee Members for 2016-2017

<u>Chairperson</u>: Christopher Roblodowski (Biology) <u>Secretary</u>: Dugwon Seo (Engineering Technology)

President's Designee: Veronica Lukas

Other member (s):

Sharon Lall-Ramnarine (Chemistry)

George Muchita (College Transfer Coordinator)

Shele Bannon (Business)

David Rothman (Academic Literacy)

<u>Committee on Committees Liaison:</u> Mooney, Christine (Business) Senate Steering Committee Designee: Berkhout, Bjorn (Music)

Student representative: Lian-Nicole Ramos
