Credit for Prior Learning for an Industry Credential Report

Queensborough Community College (QCC) of the City University of New York (CUNY) will offer students who have earned the credential named below academic credit for prior learning (CPL). Students seeking CPL must provide the college with documentation of the credential and meet any additional requirements indicated below. Once the CPL has been approved, the equivalent course will appear on the student's transcript with a grade of CR. Once earned, the academic credit is transferrable to other CUNY campuses, as per the CUNY Credit for Prior Learning Policy.

Academic department offering credit for prior learning

Engineering Technology

Names and titles of the faculty members who evaluated the credential

Date on which the evaluation was completed   2/14/2023

Name of credential for which CPL will be awarded

AWS Certified SysOps Administrator - Associate

Please provide the name and contact information of the organization that certifies the credential.

Does the credential require completion of a learning experience or training? ☐ Yes ■ No

If yes, is the experience provided by the credentialling organization? ☐ Yes ☐ No

If not, explain and provide the name and contact information of the organization that provides the learning experience.

Credit for Prior Learning for an Industry Credential Report

Part One: Pre-Evaluation Screening

■ This credential has not already been evaluated by NCCRS or ACE

■ The credentialling organization (not a third party) has administrative oversight for the assessment leading to the credential

☐ If the credential is based on completing a learning experience, the learning experience has a final assessment indicating whether the participant passed.

Part Two: Oversight of Learning Experience

■ The organization keeps verifiable records of all individuals who complete the learning experience (if required) and earn the credential for a minimum of five years.

Evaluator Notes:

```

```

■ The organization defines successful completion of the credential and has methods in place to assess and verify that completion.
