

FACTBOOK

2022-2023

Queensborough Community College, CUNY

The Queensborough Community College (QCC) Fact Book is the source and official reference guide for college-wide data. Compiled by the Office of Institutional Research and Assessment (OIRA), the 2022-2023 Fact Book is a collection and detailed analysis of quantitative information in the areas of enrollment, student demographics, academic services, grades, retention and graduation, degrees and transfers, faculty and staff, financial aid, and college finances. The Fact Book assists the college community in planning and decision-making by presenting profiles and trends in academic and non-academic areas of the institution.

The information included in the 2022-2023 Fact Book is a compilation of data from many sources, largely from the CUNY IRDB unless specified otherwise. We would like to thank the following offices for their contributions to this Fact Book: the Registrar, Human Resources and Labor Relations, Accounting & Related Entities, Budget & Financial Services, Grants and Sponsored Programs, Continuing Education and Workforce Development, and the Kurt R. Schmeller Library.

Along with the Fact Book is a list of additional reports & resources available on the OIRA website: www.qcc.cuny.edu/oira

For further inquiries, please contact the Office of Institutional Research and Assessment.

College Overview

"Queensborough Community College is dedicated to academic excellence and rigor and to providing an affordable, high-quality education to pre-college, college, and lifelong learners. Our faculty and staff are committed to the holistic development of today's students in a nurturing and diverse environment that prepares them to be successful in a dynamic workforce. The College affirms its open admissions policy and its strong support of critical thinking, intellectual inquiry, global awareness, civic responsibility, and cultural and artistic appreciation." (QCC mission statement).

The College's Fall 2022 student enrollment was 9,573, out of which 8,380 were degree and certificate seeking students. Sixty-three percent of all degree-seeking students were enrolled full-time. The curricula with the highest enrollments were Liberal Arts and Sciences (A.A.), Health Sciences (A.S.), Business Administration (A.S.), Criminal Justice (A.S.), and Psychology (A.S.).

- A total of 1,193 students were non-degree. The majority of this group were high school students who were part of the College Now program, which enrolls high school students in college courses.
- Queensborough has a very diverse campus with students from 106 countries who are native speakers of 69 languages. The majority live in Queens. Twenty-three percent report speaking a native language other than English.
- Queensborough is an open-admissions campus; about 44 percent of incoming freshmen have a remedial need in English, math, or both. In the 2021-2022 academic year, 97 percent of all first-time full-time freshmen as well as of all degree students received some amount of federal, state, local, and/or institutional grant aid.
- The College's six-year graduation rate for the Fall 2016 cohort was 37.8 percent, with an additional eight percent that graduated elsewhere in CUNY or outside CUNY. This brings the overall six-year graduation rate to 46 percent. QCC graduates usually go on to another CUNY senior college such as Queens College and Baruch College, but also enroll in non-CUNY colleges (e.g., SUNY Stony Brook, SUNY Farmingdale, Molloy College, NYU, Long Island University, Fordham, Adelphi, and St. John's).
- QCC graduated 1,869 students in the 2021-22 academic year, largely from transfer degree programs. The curricula with the most degrees were Liberal Arts and Sciences (391), Business Administration (219), and Health Sciences (204).
- Over 70 percent of the full-time faculty at Queensborough have earned doctorates or other terminal non-doctoral degrees in fields such as nursing, engineering, and the visual and performing arts.¹

A. QCC Enrollment

In Fall 2022, a total of 9,573 undergraduates were enrolled in Queensborough Community College in 42 associate degree programs, five certificate programs, and for-credit/non-degree programs such as College Now.

Over two-thirds of degree students enroll in a transfer degree program at Queensborough. The Liberal Arts & Sciences (LA-AA) program is by far the largest program with 1,638 students enrolled in Fall 2022, some of whom were enrolled in pre-nursing courses. Health Sciences (HS-AS) is the second largest program at QCC with a total of 1,062 students in Fall 2022.

Queensborough has ten dual-joint transfer degree programs with CUNY senior colleges with 1,522 students enrolled as of Fall 2022. The largest of these is the Criminal Justice (CJ-AS) dual-joint degree program with John Jay College. Smaller dual-joint programs with John Jay include Accounting for Forensic Accounting (AF-AS), Science for Forensics (SF-AS), and Computer Science and Information Security (CSS-AS). Queensborough has dual-joint AAS/BS nursing programs with CUNY Hunter College, York College, and the School of Professional Studies that enable graduates to obtain a B.S. in Nursing. The Education (LE-AA) dual-joint program with Queens College enrolled 201 students in Fall 2022. The dual-joint programs in Biotechnology (BY-AS) and Chemistry (CHY-AS) allow QCC graduates to complete Bachelor of Science degrees at York College.

While enrollment in most programs declined from the previous fall semester, Fall 2022 saw enrollment growth in several programs, most significantly in Health Sciences (HS-AS). Physics (PHYS-AS) and Movement Science (MVSC-AS) are the most recently-added transfer degree programs.

Starting with Fall 2016, the newly accredited transfer degree programs for Art (Art and Design & Art History), Dance, Music, and Theatre (Acting & Technical Theatre) enabled students previously enrolled under the generic Visual and Performing Arts program (FA-AS) to enroll into these specific disciplines. The enrollment decline and discontinuation of FA-AS (see Enrollment by Curriculum pages) reflect this change.

About 90 percent of first-time freshmen and 63 percent of all degree-seeking students were enrolled full-time in Fall 2022. Sixty-three percent of the Fall 2022 student body were freshmen, defined as those who have earned fewer than 30 credits counting toward a degree.

Freshman (< 30 credits)	8,829	8,617	8,243	7,672	6,779	5,859	5,242
Sophomore (>= 30 credits)	4,739	4,680	4,825	4,750	4,414	3,837	3,120
Total	13,568	13,297	13,068	12,422	11,193	9,696	8,362

B. New Student Profile

The College enrolled 2,006 first-time freshmen and 636 advanced transfer students in Fall 2022. About 54 percent of freshmen were male and over 90 percent of first-time freshmen were enrolled full-time. Less than 10 percent of first-time freshmen were enrolled part-time in Fall 2022.

Queensborough Community College is one of the most diverse campuses in the nation. Among freshmen, Black students represent the largest racial group (32%), followed by Hispanic (31%), Asian/Pacific Islander (21%) and White students (8%). Seven percent of the freshmen class were non-resident aliens.

Twenty-seven percent of Fall 2022 freshmen were non-English native speakers. Spanish, Chinese, Bengali, Urdu, and Creole were the most prevalent non-English native languages among freshmen in Fall 2022. In Fall 2022, Queensborough freshmen came from 57 different countries.

Eighty-one percent of freshmen (with recorded high school information) in Fall 2022 graduated from a New York City high school and over 75 percent of advanced transfer students came from a CUNY or SUNY school.

In Fall 2022, about 44 percent of incoming (matriculated) freshmen had a remedial need in English, math, or both. Twenty-two percent of freshmen had a need in mathematics and 11 percent had a need in English. About 10 percent had a remedial need in both English and math. The decline in remedial placements is largely due to a CUNY-wide change to the placement policy in Spring 2020. New students are now placed into remedial courses based on a calculated proficiency index that "combines overall high school grade point average with SAT and Regents scores to determine whether the student has a good chance of succeeding in a credit-bearing math or English course without any additional support"¹. In addition, students with double remedial needs are served through CUNY Start, Math Start and English Start, programs for admitted but non-matriculated students. In Fall 2022, QCC enrolled 275 CUNY Start, 52 Math Start, and 71 English Start students¹. The CUNY Language Immersion Program (CLIP) enrolled 228 non-matriculated remedial students in Fall 2022. CUNY Start, Math Start, English Start, and CLIP students are not counted in the Fact Book².

¹CUNY/English/Math Start and CLIP are not considered part of enrollment and are not otherwise represented in the Fact Book.

²Includes only matriculated students lacking a Proficiency Index but with an enrollment record in BE-21, BE-29, BE-30, ENGL-90, ENGL-99, CLIP, CUNY Start, or English Start.

³Includes only matriculated students lacking a Proficiency Index but with an enrollment record in MA-10, MA-114/119/321 ALP, CUNY Start, or Math Start.

⁴Excludes students whose placement status was Unknown for English, Math, or both.

C. Student Demographics

Queensborough Community College is one of the most diverse colleges in the nation. Our students come from 106 countries and speak 69 different languages. Twenty-three percent of them were born outside the USA and come from every corner of the globe. The top five non-English native languages for all undergraduates are Spanish, Chinese, Bengali, Urdu, and Korean.

In Fall 2022, 30 percent of all degree and certificate seeking students -- national and international -- were Asian or Pacific Islander, 28 percent were Black, 27 percent were Hispanic, and 15 percent were White (according to the CUNY Internal Count (PMP)¹). White as well as Asian or Pacific Islander students make up a larger percentage of the non-degree population, standing at 39 percent for each group in Fall 2022.

While 52 percent of all associate degree students were female, only 46 percent of incoming first-time freshmen were of this gender. Certificate students tend to be significantly older and more likely to be female than associate degree seeking students.

The vast majority of our students are New York City residents and most live in Queens. An additional 17 percent of students have a home address in the other New York City boroughs or surrounding counties.

*Data for Fall 2019 and later based on home address. Many students learned remotely starting Spring 2020.

D. Academic Services

The Kurt R. Schmeller Library is an invaluable resource to students and the campus community at large. The COVID-19 pandemic-related changes resulted in reduced in-person student enrollment and, consequently, the library's patron count. This has decreased the circulation of books and devices such as laptops, tablets, calculators, cordless chargers, headphones, DVDs, and the scanner key. Online Information Literacy Workshops were introduced to fill this gap. Additionally, the library has made material readily available to students and faculty directly through Blackboard since 2015.

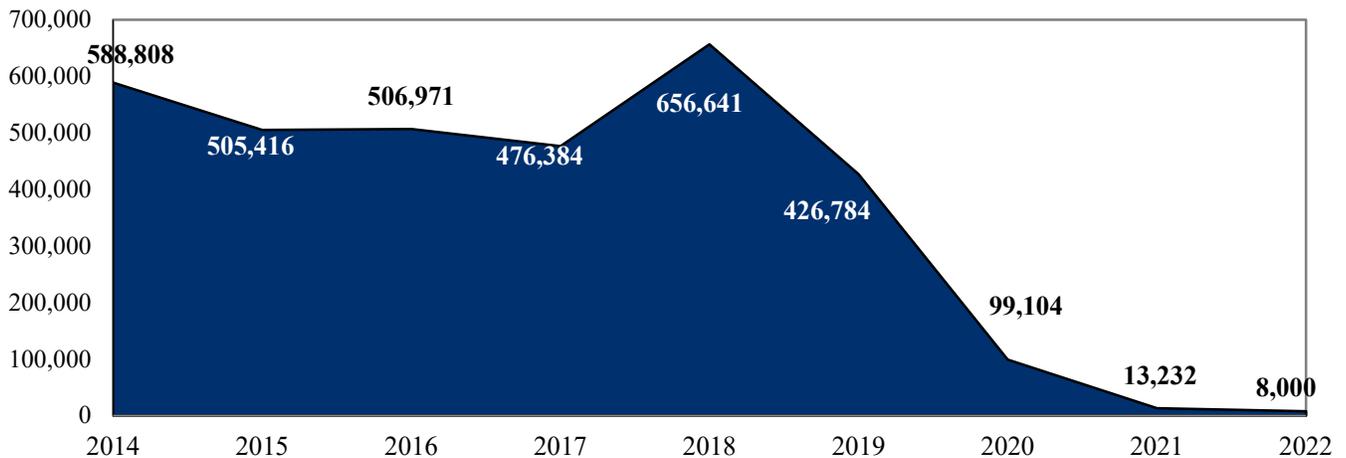

The Office of Continuing Education and Workforce Development (CEWD) has also seen an enrollment decrease, due largely to the COVID-19 pandemic. While grant-based enrollment has declined, tuition-based enrollment has increased by 65 percent compared with Fall 2021.

Patron Count 2014-2022

¹Due to the coronavirus pandemic, no on-campus library service was available and circulation was stopped. In general, circulation of reserve books has also declined as some faculty members changed course syllabi to rely on open educational resources instead of expensive, commercial textbooks, which students frequently borrowed from the library's collection.

²Began in response to the switch to remote learning during the coronavirus pandemic.

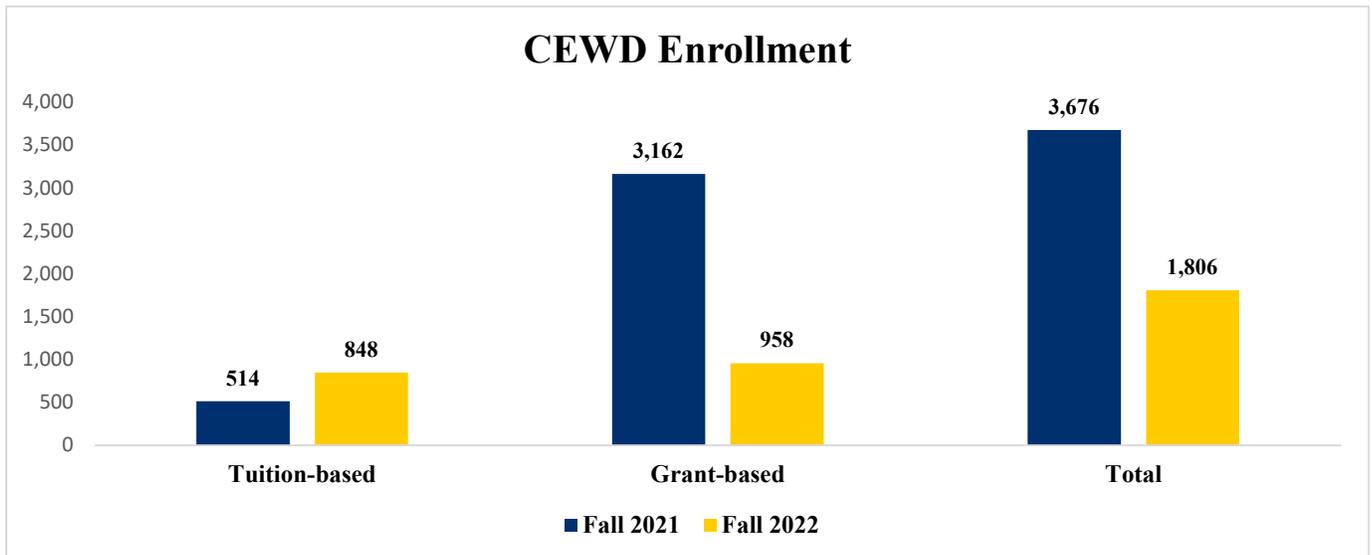

³The Library offers 24/7 reference service as part of a consortium whereby our librarians answered questions from students at other institutions and questions from our students were answered by librarians at other institutions at certain hours. Our librarians held classes and met with students and faculty online.

Continuing Education and Workforce Development

Fall 2021-Fall 2022

Program Enrollment and Funding Sources	Tuition-based	Grant-based	Total
Fall 2021	514	3,162	3,676
Fall 2022	848	958	1,806
% Change	65.0%	-69.7%	-50.9%

CEWD is proud to have served 1,806 non-credit students in Fall 2022. As compared to Fall 2021, we realized a 65% increase of students in our tuition-based courses. While our grant-funded programs show a 70% decrease in student enrollment in courses, this is reflective of the fact that, in 2021, large numbers of students expressed interest in and enrolled in Amazon Web Services (AWS) courses, but, as is evidenced by educational research, the pedagogical model for the AWS courses was that of a MOOC, i.e., a Massive Open Online Course (MOOC), a publicly available online learning course in an online environment, with no limit on class size. The purpose of this model was to attract as many people as possible to this in-demand technology course, which can lead to well-paying employment in Cloud Computing. This year, we are focusing more on students achieving AWS Certification, as contrasted with enrolling as many students as possible in the course.

E. Grades, Academic Standing, Retention and Graduation

The college-wide grade distribution is relatively stable at Queensborough, with the exception of Spring and Fall 2020, when the majority of courses were held online due to the COVID-19 pandemic. A significant number of online and hybrid courses have also been held since Spring 2021. A CUNY-wide change in grading policy went into effect in Fall 2021 whereby a WU grade is no longer failing. This change is expected to have a beneficial effect on grade point averages for students.

The number of freshmen who enrolled in the required core courses in their first semester is increasing. In Fall 2022, 85 percent enrolled in a freshman composition course, 74 percent in a three-credit or more mathematics course, and 21 percent in a course counting toward the 1C Science requirement. In Fall 2022, the percent of freshmen earning a C or higher in freshman composition has improved slightly, while for mathematics and the 1C Science courses it has declined significantly.

First-time full-time freshmen who entered QCC in Fall 2021 earned on average 19.4 college credits in their first year at Queensborough. Thirty-four percent of Fall 2021 first-time freshmen took one or more courses in the summer after entry. This is the highest percentage for freshmen since reporting. Of the advanced transfers in Fall 2021, close to 36 percent also took one more more summer courses.

The one-year retention rate of the Fall 2021 first-time full-time freshman cohort was 59 percent. An additional three percent transferred to another college within CUNY and three percent more transferred to a college outside CUNY. The one-year retention gap between females and males closed for the Fall 2021 first-time full-time freshmen population. The rates improved for men of all races, while for women, they have declined with the exception of Black women, for whom they improved by four percentage points.

The three-year graduation rate at QCC was 26 percent for the Fall 2019 first-time full-time freshman cohort. This graduation rate, however, is still more than 11 percentage points higher for females than males. Compared with Fall 2018, the Fall 2019 cohort has lower graduation rates across most races for both men and women, with the largest drops seen among Black and Hispanic men as well as White women.

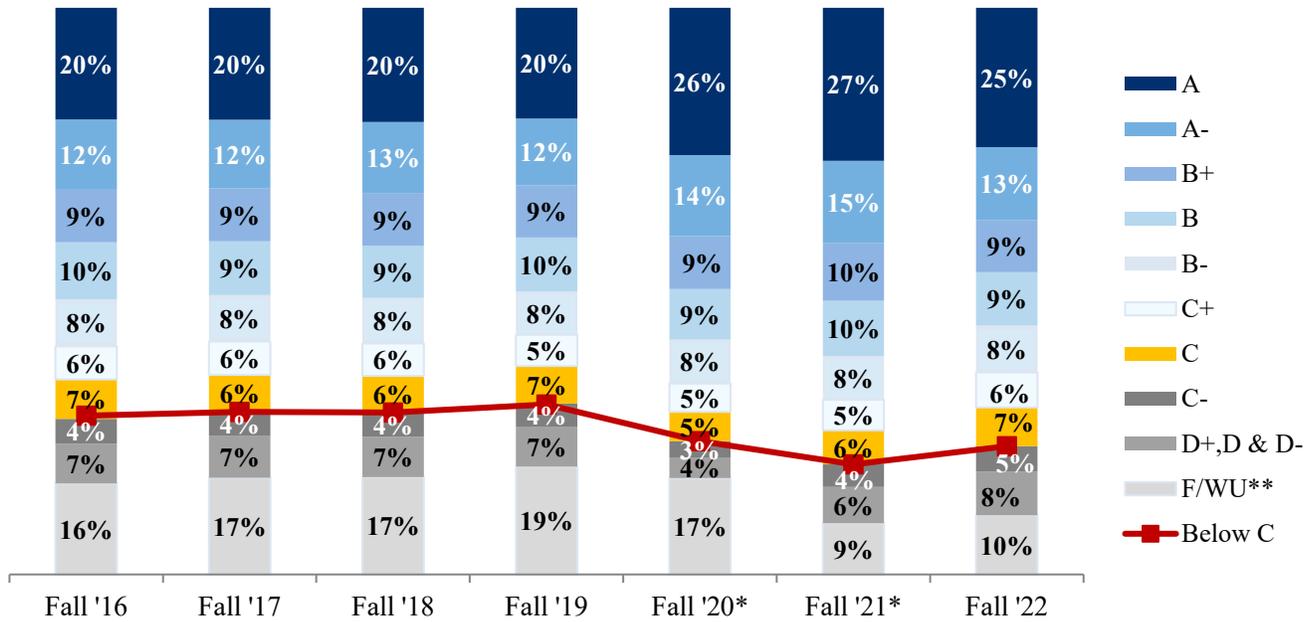

The four-year graduation rate at QCC for the Fall 2018 first-time full-time freshman cohort was 32.3 percent, down two percentage points from last year. An additional 2.5 percent had graduated from another college and 13 percent were still pursuing their degree in Fall 2022 (either at QCC or another college within or outside CUNY).

The six-year graduation rate at QCC for Fall 2016 first-time full-time freshmen was 37.8 percent, a ten-year high. An additional eight percent graduated from another college (within or outside CUNY), bringing the overall six-year graduation rate to 46 percent.

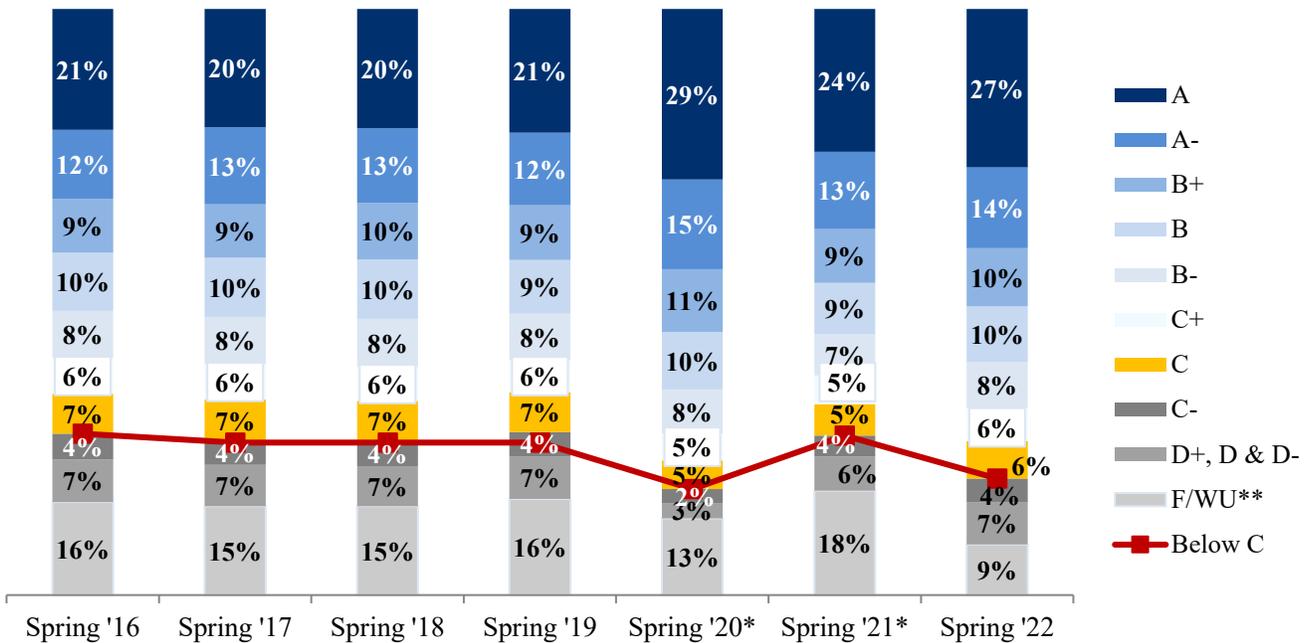

Final Course Grade Analysis

Fall and Spring Terms¹

Fall Semester Grades

Spring Semester Grades

¹Includes only courses that count toward the GPA. Excludes courses with equated credits.

*Grade distributions for these terms were affected by the COVID-19 pandemic and subsequent switch to remote learning. Students were also given a Credit/No Credit option in Fall 2020/Spring 2021, reducing the number of grades below C.

** Effective Fall 2021, WU grades are not counted toward the GPA.

Required Core Milestones

Percent of Freshmen Passing with a C or Better in First Freshmen Term

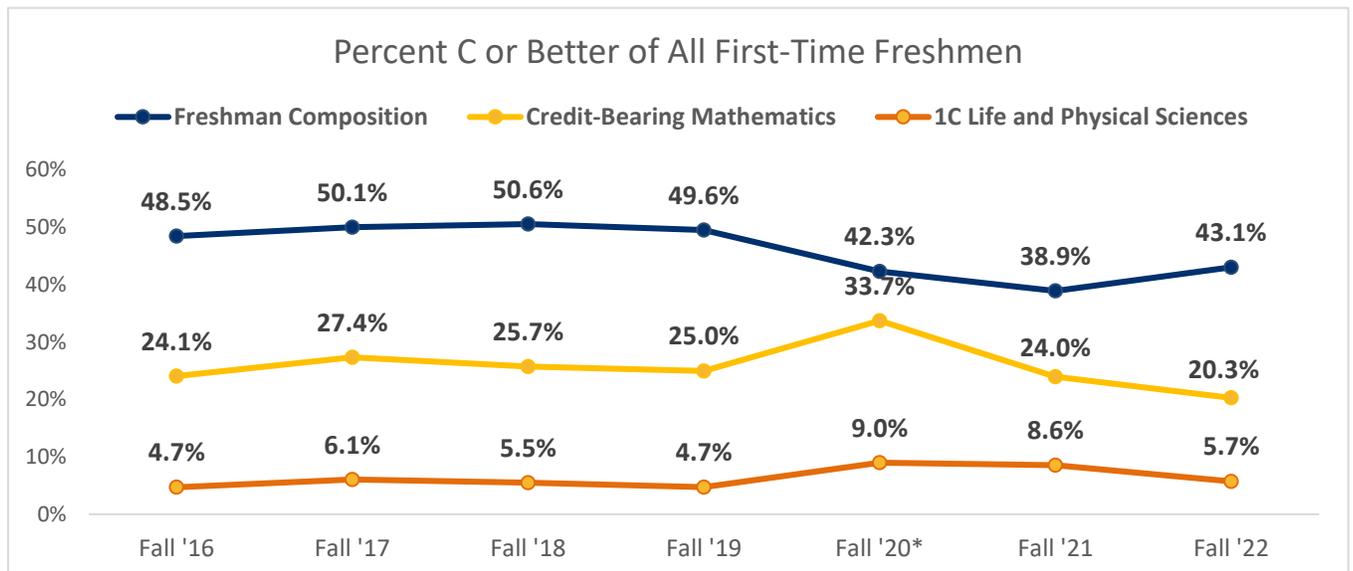

Required Core	Fall '16	Fall '17	Fall '18	Fall '19	Fall '20*	Fall '21	Fall '22

F. Degrees Awarded and Transfer-Outs

Queensborough Community College granted 1,869 associate degrees in the 2021-2022 academic year (which included Summer 2021, Fall 2021, and Spring 2022 graduations). The programs with the largest numbers of graduates were Liberal Arts & Sciences (LA-AA), Business Administration (BT-AS), Health Sciences (HS-AS), Criminal Justice (CJ-AS), and Psychology (PSYC-AS). These programs together granted 1,117 associate degrees in AY 2021-22. To date, Queensborough has awarded 78,983 degrees and certificates.

Seventy-seven percent of dual-joint graduates, 65 percent of other transfer degree graduates (A.A. and A.S.), and 48 percent of career degree graduates (A.A.S.) transfer to a senior college (CUNY or non-CUNY) by the following academic year. Transfer rates were calculated by counting graduates as transferred if they had registered in a senior or comprehensive college (CUNY or non-CUNY) later in the same academic year or in the academic year following the graduation year (e.g., for the AY 2021-22 graduates, the academic terms were Fall 2021, Spring 2022, Fall 2022, and Spring 2023; typical summer/winter only registrations not counted). Twenty-six percent of all 2021-22 graduates who transferred to a senior college went to Queens College, 16 percent went to John Jay, and nine percent went to Baruch. An additional 17 percent transferred to a senior college outside CUNY.

A National Student Clearinghouse search revealed that QCC students also transfer to other schools before earning a degree. As expected, most students who transfer without a degree come from the largest programs: Liberal Arts and Sciences (LA-AA), Health Sciences (HS-AS), Business Administration (BT-AS), and Psychology (PSYC-AS). A greater percentage transfer to a school within CUNY than outside CUNY. They are also more likely to transfer to senior colleges than to two-year institutions.

¹ Graduation year includes summer, fall, and spring graduations. E.g., 18/19 includes summer 2018, fall 2018, and spring 2019 graduations.

² The decline in awards is due the discontinuation of FA-AS in favor of four new A.S. programs: ART, DAN, MUS, and THE.

³ Grand Totals include discontinued programs that are not listed in the table.

G. Faculty and Staff

In Fall 2022, Queensborough Community College employed 376 full-time faculty members, 231 full-time Higher Education Officers (HEOs), and 42 full-time College Laboratory Technicians (CLTs). The number of full-time faculty has decreased by about seven percent over the last six years, while, after a period of growth, the number of Higher Education Officers has stabilized to a similar number that it had in 2017. The staffing level of College Laboratory Technicians has remained largely constant.

Most HEOs are female and most CLTs are male. Women and men are equally represented among full-time faculty. In addition, there is an upward trend in the percent of full-time faculty who attained the rank of Professor or Associate Professor. The ratio of Full-Time Equivalent (FTE) students to one full-time faculty has improved to 16.82:1 in Fall 2022, the lowest since at least Fall 2006.

H. Tuition, Financial Aid, Budget, and Grant Awards

Queensborough's tuition has not increased from 2015, remaining at \$2,400 per semester for full-time undergraduate students. The tuition per degree credit is \$210 for New York State residents and \$320 for non-residents. Non-degree students pay \$265 in-state and \$420 out-of-state per credit.

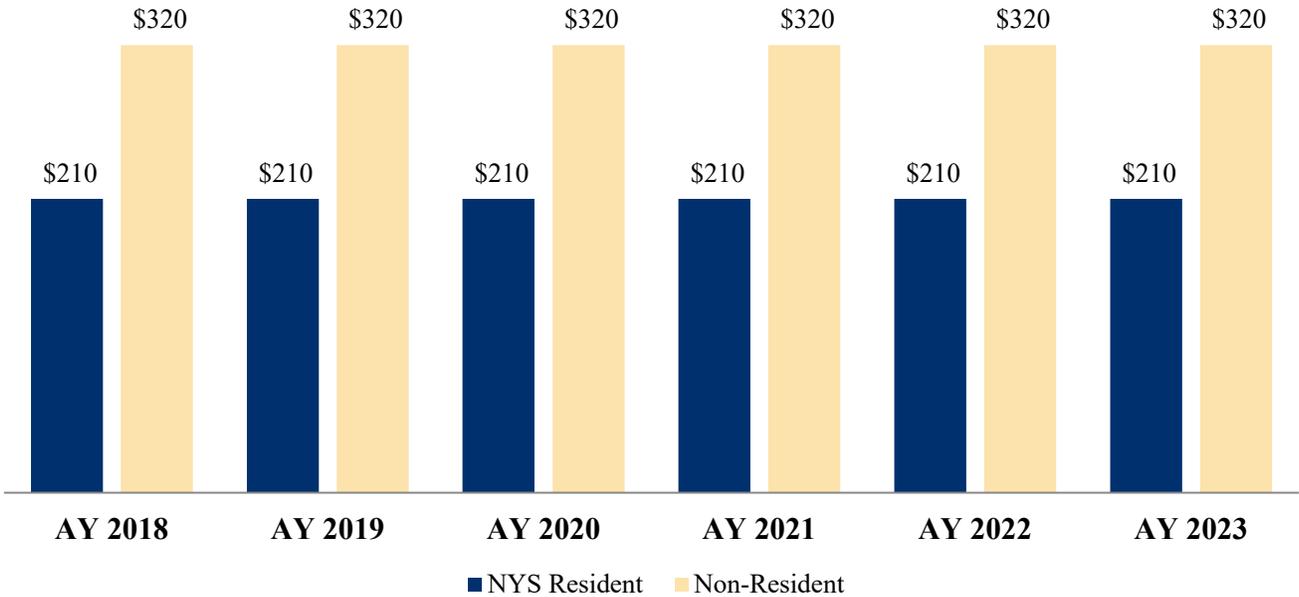

Ninety-seven percent of first-time full-time freshmen received federal, state, local and/or institutional financial grant aid in 2021-2022 (loans excluded). This sharp increase from last year is due to the influx of federal HEERF (Higher Education Emergency Relief Funds) awards to most Queensborough students related to the COVID-19 pandemic. Sixty-three percent of first-time full-time freshmen and 44 percent of all undergraduate students received Pell grants during the same period.

Queensborough's operating budget for Personnel Service has increased 21 percent between fiscal years 2014-2015 and 2021-2022. The budget for Other Than Personnel Service (OTPS) fell by 37 percent during this same period. The percent of QCC funding from federal and private sources has increased since FY 2021, though overall funding has declined. The number of proposals for PSC-CUNY research awards to QCC faculty is similar to last year, but the number of awards has declined. The English department received the most awards, with eight out of 13 proposals funded.
