

## Science Undergraduate Laboratory Internship Opportunities

DOE's 17 laboratories provide a unique opportunity for science, technology, engineering, and mathematics (STEM) workforce development. The national laboratory system offers access to leading scientists; world-class scientific user facilities and instrumentation; and large-scale, multidisciplinary research programs unavailable in universities or industry. A SULI appointment will include competitive features and benefits:

- The SULI program is offered for 16 weeks during the fall and spring semester and 10 weeks during the summer
- You will participate in a cutting-edge scientific research program, directed by a scientific staff member.
- You may also participate in a wide variety of activities available to Laboratory employees including scientific seminars, visit major facilities, and numerous clubs.
- You may have the chance to present your research results verbally and/or in writing
- Your work may appear in a contribution to a scientific journal.
- You will receive a competitive weekly stipend of \$500
- All participants living outside a 50-mile radius of their chosen lab will be provided with onsite housing and one round trip to their listed permanent address.

### Research Areas

#### Environmental, Bio, Nuclear Science & Nonproliferation

- Biology
- Environmental and Climate Science Department
- Nuclear Science Technology
- Nonproliferation and National Security

#### Nuclear & Particle Physics

- Collider-Accelerator
- Instrumentation
- Physics
- Superconducting Magnet

#### Energy & Photon Sciences

- Center for Functional Nanomaterials
- Chemistry
- Condensed Matter Physics & Materials Science
- National Synchrotron Light Source II
- Sustainable Energy Technologies

#### Computational Sciences

- Computer Science and Mathematics
- Scientific Data and Computing Center
- Center for Data-Driven Discovery
- Computational Science Laboratory

### Eligibility

- Be currently enrolled full-time at an accredited U.S. institution AND have completed at least one year as an undergraduate (at the time of application)
- Be at least 18 years of age
- Be a U.S. citizen or legal permanent resident
- Have a minimum GPA of 3.0

### Application

- Apply online:
