## INDEPENDENT AUDITORS' REPORT

The Board of Directors  
Queensborough Community College  
Student Activity Association:

### Report on the Financial Statements

We have audited the accompanying financial statements of Queensborough Community College Student Activity Association (the Association) as of and for the years ended June 30, 2020 and 2019, and the related notes to financial statements, which collectively comprise the Association's financial statements as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Association's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Association's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net position of Queensborough Community College Student Activity Association as of June 30, 2020 and 2019, and the respective changes in financial position and cash flows for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

## Other Matter

### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3 through 7 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management's Discussion and Analysis

June 30, 2020 and 2019

The intent of management's discussion and analysis (MD&A) is to provide readers with a comprehensive overview of the Queensborough Community College Student Activity Association's (the Association) financial position as of June 30, 2020, and changes in its net assets for the year then ended. Since this MD&A is designed to focus on current activities, resulting changes, and currently known facts, it should be read in conjunction with the accompanying audited financial statements and related notes.

**Financial Highlights**

- The Association's net assets increased by \$195,058 or 35%.
- Operating revenue decreased by \$146,649 or 9%.
- Operating expenses decreased by \$320,522 or 21%.

**Financial Position**

The Association's net assets, the difference between assets and liabilities, are one way to measure the Association's financial health or financial position. Over time, increases and decreases in the Association's net assets are one indicator of whether its financial health is improving.

**Statements of Net Position**

The following summarizes the Association's assets, liabilities and net assets as of June 30, 2020 and 2019, under the accrual basis of accounting:

	<u>2020</u>	<u>2019</u>	<u>Dollar change</u>	<u>Percent change</u>

Management's Discussion and Analysis, Continued

At June 30, 2020, the Association's total assets increased by \$183,442 or 20%, compared to the previous year. This variance is primarily due to an increase in cash and equivalents of \$223,888. The increase was partially offset by a decrease of \$51,454 in prepaid expenses and other assets as the Association has let go of one employee due to the current economic situation. This resulted in a decrease in the amount transferred to the Research Foundation for salaries. Capital asset also decreased by \$8,483 due to depreciation.

At June 30, 2020, the Association's total liabilities decreased by \$11,616 or 3%, compared to the previous year. This variance was mainly due to a decrease in expenditures as classes moved to a distance modality and campus activity was suspended due to the COVID-19 pandemic.

There were no other significant or unexpected changes in the Association's assets and liabilities.

The following illustrates the Association's net assets at June 30, 2020 and 2019 by category:

**Statements of Revenue, Expenses and Changes in Net Assets**

The statements of revenue, expenses and changes in net assets present the operating results of the Association, as well as nonoperating revenue and expenses, if any. The major components of revenue and expenses for the years ended June 30, 2020 and 2019 are as follows:

**Revenue**

	<u>2020</u>	<u>2019</u>	<u>Dollar change</u>	<u>Percent change</u>
Operating revenue:				
Student activity fees	\$ 1,117,426	1,248,454	(131,028)	(10%)
Donated space and services	304,077	319,498	(15,421)	(5%)
Commencement related and other	<u>1,200</u>	<u>1,400</u>	<u>(200)</u>	<u>(14%)</u>
Total revenue	\$ <u>1,422,703</u>	<u>1,569,352</u>	<u>(146,649)</u>	<u>(9%)</u>

The Association’s total revenue for the year ended June 30, 2020 was \$1,422,703, a decrease of \$146,649 or 9%, compared to the previous year primarily due to a decrease of \$131,028 in student fees collected due to a one-time fee refund to students after CUNY decided to move all colleges to distance learning.

Student activity fees represented approximately 79% of total revenue and, accordingly, the Association is dependent upon this level of support to carry out its operations.

There were no other significant or unexpected changes in the Association’s revenue.

The following illustrates the Association’s revenue, by source, for the year ended June 30, 2020:

Total operating expenses	\$ <u>1,227,645</u>	<u>1,548,167</u>	<u>(320,522)</u>	<u>(21%)</u>

Total expenses for the year ended June 30, 2020 were \$1,227,645, a decrease of \$320,522, or 21%, compared to the previous year. The lower spending was partially due to a decrease in the student learning center's salaries and fringe costs of \$15,298 or 5%, as fewer tutors were hired. The Association experienced an overall reduction in expenditures due to the suspension of campus activities and the move to distance learning in March 2020. This included a decrease of \$76,254 or 49%, in other expenses which included an \$11K decrease in performance fees, a \$12K decrease in miscellaneous expenses, a \$17K decrease in honorarium expense, a \$15K decrease in special project expenses and an \$18K decrease in the student recognition dinner. Additionally, the athletics and recreation expense decreased by \$84,540 or 20% while student clubs and organizations expenses decreased by \$40,758 or 62%, as a result of suspension of on campus activities. Management and general expense dropped by \$79,848 or 29% due to a decrease in events and donated services due to retirements and reorganization of the related entities accounting department supporting the Association.

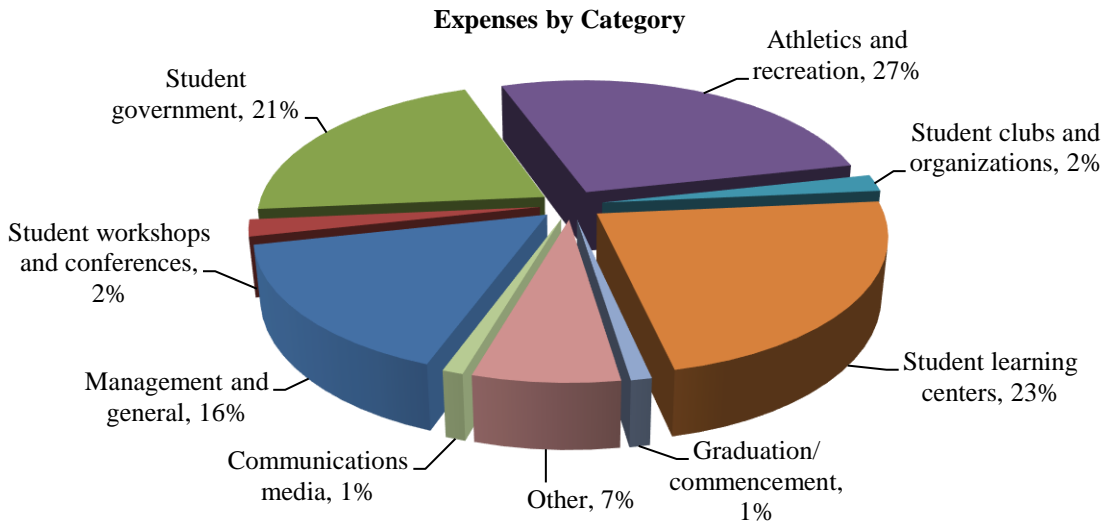

There were no other significant or unexpected changes in the Association's expenses.

QUEENSBOROUGH COMMUNITY COLLEGE  
STUDENT ACTIVITY ASSOCIATION

Notes to Financial Statements

June 30, 2020 and 2019

(1) Nature of Organization

The Queensborough Community College Student Activity Association (the Association) is a nonprofit entity created for the principal purpose of developing and cultivating educational, social, cultural, and recreational activities among students of Queensborough Community College (the College) of the City University of New York (CUNY or the University). The Association's revenue is derived primarily from student activity fees levied by a resolution of the Board of Directors of the University and collected by the College on the Association's behalf.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The Association's accounting policies conform to accounting principles generally accepted in the United States of America (GAAP) and applicable Governmental Accounting Standards Board (GASB) pronouncements.

For financial reporting purposes, the Association is considered to be a special-purpose entity engaged only in business-type activities. GASB defines business-type activities as activities financed in whole or in part by fees charged to external parties for goods or services. Accordingly, the accompanying financial statements have been prepared using the economic resources measurement focus and the accrual basis of accounting in accordance with GAAP, as prescribed by GASB. For financial reporting purposes, the Association is also considered to be a discretely presented component unit of the University, as defined by GASB.

(b) Net Position

The Association's resources are classified into the following net position categories:

Net investment in capital assets - Capital assets, net of accumulated depreciation and outstanding principal balances of debt, if any, attributable to the acquisition, construction, or improvement of those assets.

Restricted - non-expendable - Net position subject to externally imposed stipulations requiring the Association to maintain them in perpetuity.

Restricted - expendable - Net position whose use is subject to externally imposed stipulations that can be fulfilled by the actions of the Association or the passage of time.

Unrestricted - All other net position, including net position designated by actions, if any, of the Association's Board of Directors.

At June 30, 2020, the Association had no restricted net position.

(2) Summary of Significant Accounting Policies, Continued

(c) Cash and Equivalents

Cash and equivalents are comprised of highly liquid instruments with original maturities of 90 days or less.

(d) Accounts Receivable

Accounts receivable are charged to bad debt expense when they are determined to be uncollectible based upon a periodic review of the accounts by management. Accounting principles generally accepted in the United States of America require that the allowance method be used to recognize bad debts; however, the effect of using the direct write-off method is not materially different from the results that would have been obtained under the allowance method.

(e) Capital Assets

Capital assets are stated at cost at the date of acquisition or fair value at the date of contribution, if donated. In accordance with the Association's capital asset policy, capital assets are defined as any asset with a useful life of at least two years and a cost or value at the time of receipt of \$5,000 or more for all assets. Depreciation is computed using the straight-line method over the estimated useful life of the asset and is not allocated to the functional expense categories. The estimated useful life of furniture and equipment and improvements is five years.

(f) Revenue Recognition

Student activity fees are recognized in the period earned. Student activity fees collected prior to year-end, if any, relating to the summer and fall semesters of the subsequent year, are recorded as unearned revenue.

(g) Donated Space and Services

The Association operates on the campus of the College and, as such, utilizes office space and certain services made available to it. The cost savings associated with any such arrangements are reflected in the accompanying financial statements (note 4).

(h) Functional Expenses

The costs of providing the various programs and other activities have been summarized on a functional basis in the statements of revenue, expenses and changes in net position. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

(i) Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and judgments that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

STUDENT ACTIVITY ASSOCIATION

(2) Summary of Significant Accounting Policies, Continued

(j) Subsequent Events

The Association has evaluated subsequent events through the date of the report which is the date the financial statements were available to be issued.

The United States is presently in the midst of a national health emergency related to the COVID-19 virus. The overall consequences of the COVID-19 on a national, regional and local level are unknown, but has the potential to result in a significant economic impact. The impact of this situation on the Association and its future results and financial position is not presently determinable.

(k) Income Taxes

The Association is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code (the Code), therefore, no provision for income taxes is reflected in the financial statements. The Association has been classified as a publicly supported organization that is not a private foundation under Section 509(a) of the Code. The Association presently discloses or recognizes income tax positions based on management's estimate of whether it is reasonably possible or probable that a liability has been incurred for unrecognized income taxes. Management has concluded that the Association has taken no uncertain tax positions that require adjustment in its financial statements. U.S. Forms 990 filed by the Association are subject to examination by taxing authorities.

(3) Cash and Equivalents

Custodial credit risk of deposits is the risk that the Association's deposits may not be returned in the event of a bank failure. At June 30, 2020, \$176,732 of the Association's bank balance of \$426,732 was exposed to custodial credit risk. The Association does not have a deposit policy.

(4) Donated Space and Services

The Association is allowed free use of certain facilities provided by the College. The estimated fair value of the donated space which is used solely by the various student organizations amounted to \$4,975 and \$4,782 for the years ended June 30, 2020 and 2019, respectively. Additionally, certain professional services were provided by the College and amounted to \$299,102 and \$314,716 for the years ended June 30, 2020 and 2019, respectively. These donated space and services are included in both revenue and expenses in the accompanying statements of revenue, expenses and changes in net position. The fair values of facilities which are shared between the Association and other College entities, such as gymnasiums and other athletic space, are not recorded in the accompanying financial statements, as neither the College nor the Association has a clearly measurable or objective basis for determining, such amounts.

(7) Accounting Standards Issued But Not Yet Implemented

GASB issued Statement No. 95 - "Postponement of the Effective Dates of Certain Authoritative Guidance" in May 2020. This Statement has the primary objective of providing temporary relief to governments and other stakeholders in light of the COVID-19 pandemic. That objective is accomplished by postponing the effective dates of certain provisions in Statements and Implementation Guides that first became effective or are scheduled to become effective for periods beginning after June 15, 2018, and later. Earlier application of the provisions addressed in this Statement is encouraged and is permitted to the extent specified in each pronouncement as originally issued. Disclosures below have been updated accordingly.

- GASB Statement No. 84 - "Fiduciary Activities." This Statement, issued in January 2017, addresses criteria for identifying fiduciary activities of state and local governments and focuses on (1) whether a government is controlling assets of the fiduciary activity and (2) the beneficiaries with who the fiduciary relationship exists. The requirements of this Statement are effective for reporting periods beginning after December 15, 2019, which is the fiscal year beginning July 1, 2020 for the Association. This Statement is not expected to have a material effect on the financial statements of the Association.
- GASB Statement No. 87 - "Leases." This Statement, issued in June 2017, requires recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financing of the right to use an underlying asset. The requirements of this Statement are effective for financial statements for periods beginning after June 15, 2021, which is the fiscal year beginning July 1, 2021 for the Association. This Statement is not expected to have a material effect on the financial statements of the Association.
- GASB Statement No. 89 - "Accounting for Interest Cost Incurred Before the End of a Construction Period." This Statement, issued in June 2018, establishes accounting requirements for interest cost incurred before the end of a construction period. Such interest cost includes all interest that previously was accounted for in accordance with the requirements of paragraphs 5-22 of Statement No. 62 - "Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements" which are superseded by this Statement. The requirements of this Statement are effective for reporting periods beginning after December 15, 2020, which is the fiscal year beginning July 1, 2021 for the Association. This Statement is not expected to have a material effect on the financial statements of the Association.

(7) Accounting Standards Issued But Not Yet Implemented, Continued

- GASB Statement No. 91 - “Conduit Debt Obligations.” This Statement, issued in May 2019, requires a single method be used for the reporting of conduit debt obligations. The focus of the Statement is to improve financial reporting by eliminating diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations and (3) related note disclosures. The requirements of this Statement are effective for reporting periods beginning after December 15, 2021, which is the fiscal year beginning July 1, 2022 for the Association. This Statement is not expected to have a material effect on the financial statements of the Association.
- GASB Statement No. 92 - “Omnibus 2020.” This Statement, issued in January 2020, clarifies implementation of GASB Statements No. 73, 74, 84 and 87, generally effective for fiscal years beginning after June 15, 2021, which is the fiscal year beginning July 1, 2021 for the Association. This Statement is not expected to have a material effect on the financial statements of the Association.
